THE
DOMESTIC, CHURCHLY
AND
STATELY SCIENCE
OF
NATIONAL POLITICAL SELF-GOVERNMENT

FOUNDED ON
INDIVIDUAL, POLITICAL
AND
RELIGIOUS LIBERTY.

By D. L. STINCHFIELD,
NEW RICHMOND, OHIO.
1875.

20.5.22.1891

THE HARMONIOUS, DOMESTIC, CHURCHLY, AND
STATELY SCIENCE OF POLITICAL, NATION-
AL SELF-GOVERNMENT, FOUNDED
ON INDIVIDUAL, CIVIL AND
RELIGIOUS LIBERTY.

A Good, Civil, Peaceful, and Stately or Stable Government is the one thing needful; without which there can be no pure *enjoyment* of Domestic, Political, and Religious Liberty; no equalizing PROTECTION to Life, Liberty, and Property, and no GUARANTEED INSURANCE *Policy* to the continued Freedom of *Speech*, of the PRESS, and of CONSCIENCE! This can be found only in a true *Republic*; under a pure Democratic Administration of equal, exact, and Impartial Justice to all Men, to all Parties, and to all Sections of the Nation so governed!! If this Proposition be true (and this Political Problem has now been fairly solved, tried, and tested, by both Political Parties), what proves itself to be good government to me, my Brother Publican, White and Black Republican and fellow Sinner, is equally good government for you; and, on the other hand, what proves itself to be bad government for me, will, in the end, prove itself to be bad government for you; involving all in Bankruptcy and general ruin in its National downfall!!!

The Metaphysical Body Politic, like the Physical Body of the Human Form Divine, is a Trinity, and is governed by the three Attributes of Trinity:

First—Of *Form*.

Second—The distinguishing FEATURES, of *Color*, MAGNITUDE and the Son photographed IMAGE of its Fatherly Creator, and

Third—Harmonious Action. Then,

1. It must have the Trinitorial Form, either of its Chosen,

Judicial, and Judicious; or, In-judicial and In-judicious Supreme Courtly Head of Judgment; the genuine Life, Liberty, and Property-Protective System; or, Counterfeit, Land, Labor, and Capital Monopolizing System of its Chosen Intermediate Saving or destroying Legislative Body; and the Positive National Peace-Creating, Union-Saving, and Liberty-Redeeming Principles and Policies; or, its Negative, Sectional Cloven-footed, Dis-Union-creating, Slavery-exchanging, and War-destroying Practices of its Executive, National, and International Understanding of Worldly *Wisdom*!

2. The distinguishing FEATURES of its White, Red, and Black Republican Parties; the Magnitude of its National Debt, Aristocracy and Pauper-Labor Systems, and the Exact or Exacting, Positive or Negative counterpart, Democratic or Black-Republican Image of its Fatherly Creator, and accompanied with the harmonious action of its three co-ordinate, co-operative, and co-relative Branches of Government; the *Family*, CHURCH and STATE, and in all Municipal, Stately, and National Legislation, from the Judicial Head through the Legislative Body!! down to the Executive Understanding of all Governments, Human, Spiritual, and Divine!!! Then to use a homely phrase in this National Civil-un-civil and Savage Warfare, or Sectional battle for life of the great Cod-fish-Aristocracy over the little laboring Mud *Cats*, found floundering, dodging, and swimming around at the bottom of this spiritual ocean of the Atmosphere. I shall always be found laboring Head, Heart, and Hand with what are vulgarly called the Mud-Sills of Society, or advocating the just cause of the weak against the strong, the poor against the rich, and of Labor, the only Fatherly Creator of Capital, against the encroachments of its former humble Creature Servant, but now its would-be exalted Tyran-nic-al Master!!! I shall endeavor to call Men, things, and Parties by their right *names*! handle all without GLOVES!! and render unto all their portion of METE in due SEASON!!!

3. I have successfully established my Positive Saving Progressive System of the Universe without one As-senting or dis-senting voice—silence gives consent—and I shall now, according to the programme as promised in my first little A B C Primer, proceed to establish my Positive Saving Progressive Science of Political National Self-Government, founded on Individual Civil and Religious Liberty, in which is found our Promising *Hope*! Saving MEANS!! and Politi-

cal PLAN of National Salvation, which can be done successfully only by going back to the foundation of this.

1. Successful experiment of a Democratic, Republican *Form* of National Self-Government of the World, and comparing all the Positive, National, Peace-Creating, Union-Saving, and Liberty-Redeeming Principles, Policies, and Practices of our Democratic Fore-fathers, who created this government, with the Negative Dis-Union-creating, Slavery-exchanging, and War-destroying Principles, Policies, and Practices of our Granted be-hind Fathers, who have virtually destroyed, or forcibly aimed a striking dagger at the living, laboring, Happy Heart of this Nation; or, with all erring and sectional-departing opposition from the first man, Adam's, the first to partake of the forbidden fruit of the Sectional Apple of Discord in the Alien and Sedition Laws, up to the last Granted Adamic fallen, foreign Sectional-Ruling Bourbon man Grant!!! We find here but two great opposite Parties known in the Administration of this government: one is *National*, and called *Democratic*, the other is Sectional, and rightly named *Black-Republican*! There are three General distinguishing *Features*!! ever-living ISSUES!!! and Policies of ADMINISTRATION which divide these two Parties as cool-lie distant from each other as the opposite Poles of the Earth! These are the two PROTECTIVE Systems, two Financial Systems, and two Systems of Administration of Government!!! Thus all social forced sharp-pointed bayonet thrusts; Peaceful Stately Anti-Habeas Corpus-War acts, and National Unequal Exaltation of one Section of the country, one class of people, and one particular calling or occupation over another, are all mere side issues, at war with the Union, Constitution, and all the living National Laws, and are unworthy even of the passing notice, much less the whole attention of the wise or otherwise Statesman, Philanthropist, or Mon-omaniac Law-giver over the whole people!!! Hence, the late unconstitutional Social Rights Bill (forcibly picking up the food, clothing, and amusements from the Innocent White roosters to feed Uncle Sam's Sovereign-Supporting and Granted unlicensed-sporting Black Chickens), or the mis-nomer, mis-takenly called a "Civil Rights Bill," is a Black-Race Side-Issue, sociably striking with the sharp bayonet point at the Stately foundation of Individual Liberty, or of reserved Sovereign and individual rights (by declaring a civil act of Sovereign choice, or a discriminating favor in Social Sec-

tions), a Criminal act, punishable by a heavy fine and imprisonment, condemned by a foreign Jury, before a Select Judge Afri-canus, where no crime had been committed or intended, and no rape, theft, or murder had been thought of in the hitherto unheard of one-sided hard Case!!! This black-line Side Issue, if a Subject of legislation at all? belongs to the sovereign reserved Social Family or Domestic Department of Government. But the Unconstitutional, unlimited, and unbounded authority on which this law is founded—found only in the three Republican amendments to the Constitution or special license of the Black-Republican Party—to force sovereignty into the throats, under the seats, and into the eyes of a free people, by all needful rules and regulations, which this wonder-fool-ly wise extreme party may think necessary, is a thousand times more dangerous to individual, Civil, and Religious liberty than the so-called *civil rights* bill can be!!

On the Political Horn of this War Dilemma hangs not the Constitutional right, but the Republican Granted license of unbounded Power, to proclaim Grant King, and to let this present Rump Congress lump itself for life, if, in their wise judgment, this should become necessary to enforce all need-ful laws and regulations to carry out their Pet Schemes, under the Constitutional Amendments, of this Select Sectional Shoddy-cloaked, Petty-coat Government!! But, thank God, that through the Wisdom, Success and Progress of the Democratic Party in the selected lower House of Congress, this unlimited power is already taken away from this ambitious, scheming, corrupt party; and the country is safe, but will be still safer next year, when the Administration of Government is again put in the hands of the Democratic Party, which will soon put it again in the onward and upward progressive highway to Peace, Prosperity, and future Happiness!!

The Secret Main-Spring of Good Government is only found, 1st. In its Just Principles, and equalizing distributing, Sovereign Individual—reserved stately—and delegated National *Rights*. 2d. In its Saving POLICIES—in an Honest, Capable, and Faithful or Impartial administration of all its Laws, through equal and impartial legislation or representation; equal Taxation and Impartial Protection over all its citizens alike, without regard to race, color, or previous condition of servitude, whether of God, Man, or Devil; and, 3d. Harmonious action, through all its Municipal, Stately,

and Federal or National Legislation, in PRACTICALLY dealing out Equal and Exact Justice to all Men, to all Parties, and to all Sections of this pure Democratic-Leavened, Bread-raising great Do-Main!!! The Hydra-headed or seven Stately-headed, and ten Government-horned War Drag-on Monster, Sectionalism, brings in its Bully, Tory, and Yankee-hooking Protection at the Injudicial and in-judicious Tariff Protective-Head of Government, whilst the National Democracy bring it in naturally with the Harmonious action of its laboring, equalizing, and economizing Life, Liberty, and Property-Intermediate Protective-Saving Legislative Body, as the only place where *Liberty*, Equality, and Protection can come in and do equal, exact, and impartial Justice to all men; showing Partial legislation, Partial taxation, and Partial Protection to none!!!

Here let us ask and try to answer what are some of the most prominent *Features* which mark, separate, and distinguish the great National Democratic from the Sectional Black-Republican Party. The former is now, always was, and, perhaps, always will be, in favor of a "*Tariff*" for National Revenue purposes only; whilst the latter is now, and always was (since the political rise and fall of the first man, Adam's), in favor of a High Tariff,

"To protect the rich, idle, aristocratic class,
But letting the common-school laboring herd, all go to grass"

2. The former always believed in the strict construction of the *Constitutional* Administration of Government, dealing equal and exact Justice to all Individuals, to all Parties, and to all Sections of the Nation; showing partial legislation, taxation, and representation to none!! Whilst the latter have always held to a strong consolidated Military Despotism, or higher Law Power forcing Military Power over the Civil Law; of putting not only the Sword and Purse in the same conquering hand, but also of putting all Sovereign power under the same General Granted Military Man's feet, under the Kingly Tyrant's plea of military necessity, that might makes right, or that two Sectional warring wrongs only can make one Peaceful National Right!

"And so long as the Black-Republican Pot and Kettle boils,
To the victor belongs all the National Spoils."

Granted, God Grant! (but if the good Lord has quit granting, then the bad Devil Grant), that this Sectional Cloven-footed Party has spoiled this Nation long enough, both under their higher law war power, and partial petted class legislated Peace Power of Partial Legislation, Partial Taxation, and Partial *Protection*, thus unwisely forcing all the property of the Nation into the hands of a few unworthy individuals, and that small class of Pets of this Shoddy-Protective Petty-coat Government they have cornered up in the Protective cool Northeastern Bull-pen, in the Bully, Tory, and Yankee-hooking Head of the Nation!!!

3. The former has always held to the strict validity of all contracts, whether they be Individual, Corporate, or National in their character; whether made by themselves or by the opposition Party, as equally binding on all, under the law, in which such contracts were made!!! whilst the latter named Party have practically repudiated all contracts, whether Individual, Corporate, or National, whether established by themselves or by our Democratic Fathers, or their laboring Children! 1st. In their second Bank-rupt Laws, thus practically repudiating private and corporate contracts by making the violation of Individual contracts Legal, and private or partnership swindling honorable before the Law!! 2d. In their first practical lesser curse of State Rights Nullification or Repudiation, through their poisonous Buckeyed Personal-Liberty Bills, nullifying the National Fugitive Slave Law, and by their second greater or greatest curse of *Sectional Right* Nullification, by a practical Repudiation Party, unknown to, and at war with the Union, Constitution and all the National LAWS!! 3d. They *have thrice* practically repudiated their own National contracts between the rich Capital Bond Slaveholder on the first part, and the poor Fatherly Creator of Capital on the second part, as a secondary or third-rate consideration; each time in the sole and sold and doubly sold Interests and principal of the rich capitalist, and against the Interests and undermining the *principles* of the only Capital-Creating, Life-Saving, Bread-raising producer of capital; but in this last Bully, Tory, and Yankee-hooking, Granted, Two-horse Act of Repudiation, by Refunding and Extending our Principal and Gold-Interest-draining, National, Domestic, Slave-Bonded yoke to a Cloven-footed, Bully-foreign Nation. By this last cooked and over-done base Granted National act of Treachery and Repudiation, by selling out the

Sovereign Interests of a whole laboring Nation, they have driven the last *Golden Nail* in our Financial Political Coffin, and clinched it with a long-handled, Interest-drawing Nail-ing Claw-hammer on the other side of the Atlantic, and have thus made it forever impossible for this all-promising, but practical opposite extreme-reversing Repudiation Party, or this Sectional Granted Political Dienasty, to come down, or up, to their promised dawning Millennial Day of Specie payments!! But where there is a will there is also a way provided for the Faithful! The Democratic Party have the will, and they will provide the only *way* whereby, under existing circumstances, we can come safely, surely, and shortly back to the well-known, fire-tested, and financial-ried, National and Stately Democratic gold-beaten, straight and narrow path of Specie payments, and thus honestly redeem every dollar of Bonded and un-bounded National indebtedness, and at the same time meet the wants of the commercial and productive laboring man with the same rich, ringing, shining, yellow and white, Gold and Silver Specie circular change, which is equally as good for the poor laboring man as for the Rich *Capitalist*!!! Then, who are the Practical Repudiators?—

“In this land of the free, home of the brave,
And now superior freedom of the Sovereign Granted Slave?”

Who are they, going about like war-destroying wild African *Li-ons*, seeking only what Peaceful, Innocent Democratic Sheep they may devour? Grantedly growling PEACE! PEACE!! Let us have PEACE!!! When there is no *Peace*, neither indeed can there be, whilst this same cause of Sectionalism, Dis-Union, and Civil War still reigns with a Spoiling, Chastening, Protective Rod of Pen-syl-vania Iron Rule!!! Who are they, roaming about like ravenous Wolves over our Sherman-Granted, Noisy-Buckeyed *Woods*? over our dead-weight Mor-ton, granging, arranging and deranging Hoosier FARMS? and over our Lo-gan (Lo! the poor Indian!) Illi-noise Suc-cor-ing Egyptian Prairies, dressed in hypocritical, Sporting and Sup-ported Pro-tec-tive *Black-Sheep's* clothing, *Howling*, Repudiation, Bond-ed-debt Repudiation, and Financial Repudiation against Innocent, Honest Democrats? Whilst (as I have thrice shown before) they are the only Domestic, Stately and National Practical Repudiators in the Land!!! Then, in this brief A-damic Pedigree of Old Harrisons and Tay-lor-

Sewed up, late Granted Sectional War-faction, I have arrested, arraigned, and condemned the Black-Republican Party, as being the Father of Sectionalism, the Grand-Father of Dis-Union, and the great-grand-Father of Civil War; and, also, the Chase-Ben-Wade and found-wanting Giddings—Father-in-law, or first false Step-Father of State Rights Nullification, and the last false Step-Father of Cloven-footed, Sectional Right Nullification, or a Factional Repudiator of the Union, Constitution, and all the National Laws!!!

Under the general Law, like *Causes* produce like *EFFECTS*, and like corresponding Trinitorial *RESULTS!!!* Then, if we dislike the effects of Dis-Union and the like Results of War, let us remove the Primary and Secondary aggravating First Cause, which is Sectionalism and the disturbing effects will cease; then reinstate the most glorious old Democratic Party, and the grand Result will be in the Future (the same as in the Past), in establishing the greatest equalizing distributive amount of National Peace, Union, and Prosperity, this world ever knew. Greater than Black-Republicanism can ever give, or Sectionalism again take away!!! Then choose ye this day, O Sovereign Freemen of this Nation, in this Third Prophetic Day of Politico-Financial Peace Judgment, whom you will serve? If you are worshiping the Savage or Barbarous Heathen Trinity, the God of Mammon, or Sectional Intemperate Extremes, the God of Slavery, and the God of War, serve Him faithfully, for you soon shall have your Granted last Reward! But if you are worshiping the God of Peace and Truth, the God of Love and Virtue, serve Him faithfully, for you shall soon be crowned with your Everlasting Sure Reward!!! Here we find that every principle held sacred by our Democratic Fathers is reversingly Revolutionized and over-turned, and their former up-right Government is now turned up-side down, Grantedly standing on its Injudicial and in-judicious Head, founded on the Negative downward-pointing, Dis-Union-creating, and War-destroying, and Slavery-exchanging, basest Worldly base laws of Force, Fraud, and Fear, instead of on the Positive, up-right, Heaven-pointing, Divine Laws of *Peace*, *Love*, and *VIRTUE*! Where Domestic *Slavery* was before Sectional, under the many-Granted Slave-Masters of the South, it is now forcibly made National under the One General-Granted official Master, or his three chosen Ministerial Land-Granted, Railroad-Granted, and Capital-Granted Monopo-

lizing Slave-Masters of the Nation!!! LIBERTY, which before under equality before the General Law, was National (except these thrice Repudiated African Slave Bonds), is now Sectional; existing only under Sectional extremes, not only before, but also behind and all around the law and is represented like Johnny Bull, its legitimate Bull-pen-cowed Father, as the largest Bully, Tory, and Yankee-hooking Annual, having the Trinitorial Form of the one-third Man and two-thirds Beast; or, having the intermediate Body of a Man, with the above higher law-hooking Horns of Jealousy and Envy over a base head of Judgment, with the lowest extreme, hypocritical cloven-footed executive understanding of Government!! Protection which before was general through the equalizing *Life*, LIBERTY, and Property Protective System of the Democratic Party, is now Partial, through Partial Legislation, Taxation, and Protection of the Financial Protective Man-u-fact-erring-Granted, War-head, and un-Granted corruptible and corrupting Legislative Body of the Nation!!! If our Democratic Fore-Fathers were right in their Positive Peace-Creating, Union-Saving, and Liberty-Redeeming Principles, Policies, and Practices, founded on Domestic, Political, and Religious Liberty, where we build our only promising, *Hope*, Saving MEANS, and Political PLAN of National Salvation, and their Administration of Government is all right; or Perfect, Just, and Good, as established on that broad, free Platform!!! then are our Sectional, Black-Republican Mulish-progressive, Craw-fishing, be-hind-Fathers all wrong in their Negative *Dis-Union*-creating. Slavery-exchanging, and War-creating Principles, Policies, and Practices, and their System of Government founded on this Sectional-Granted Selfish System of Self-Government is all wrong from Alpha to Omega, from the Beginning to the End; or, from the first Bully, Tory, Yankee-man Adams to the last Sectional-erring and foreign African-departing Bourbon-man Grant!!! Then what we need to-day, by way of Government repairs (figuratively speaking), is to throw out a Billion Dollar, Gold and Silver-lined Green-Back Stage-Plank to our Ship of State—the old United States Constitution—now Sailing on the boundless Ocean of Political Corruption, without Rudder, Compass, or worthy Commander, with a Mutinous Labor-Striking Crew—

i. 1. Changing to an old tried Democratic Commander on our own out-sailing Commercial Craft, under the National

and International Standard Star-spangled Banner of "Free Trade and Sailors' rights, and with the renewed Balance of Foreign trade Insurance Policy" as a Judicial and Judicious Revenue Tariff Supreme Courtly Head; with an Equalizing distributive purifying, Life Liberty and Property Protective System as the Intermediate Saving Legislative Body; and with a Green-back gold and silver National and International Financial Executive traveling; understanding with all Nations of the World! Whilst on the contrary the Opposition have established their Sectional Slave-trade System, with the balance of foreign trade against us, and have taxed to death the Protective Commercial Planks of our Ship of State, the old patched up and thrice sacredly Constitution, and have sold us out Financially, Commercially and Transportingly, with this view we are lost; but found in other nations!!! Here we find that Sectional Class-legislating, unequal Protection comes in at the Injudicial and in-judicious Tariff Protective Head: Corruption comes in with the Fast and loose Railroad or Congress-running, and Capital-monopolizing Body; the three all-powerful Sectional corrupting Ministers of *Official* POWER, MONEY POWER and WAR Power; on the last legs of this Granted Executive understanding of Government!! Here Sectionalism comes in at the Black-Republican Tariff, Protected Head, and takes from the millions of its poor laboring, minnow-fishing Peters! and gives all its bait to the Stuffed Codfish Aristocracy of its *tens* of rich Petted, Official Chosen Granted Political Apostle Pauls!!! The Black-Republican Party, in the Sacred name of Liberty, but Profane act of Exalting professed higher law military power over Civil Law, under the Kingly Tyrants' plea of military necessity, or that might makes right; Has been the Primary and Secondary First Cause of Sectionalism, which has Effectually brought Disunion, and finally resulting in the greatest Hypocritical, Sectional, Cloven-footed, Anti-Slavery and Pro-Slavery Civil War ever waged by any Nation, tribe or People!! This late Brotherly blood-drawn unpleasantness was not a National Political Democratic and Republican War; but rather a Sectional Anti-Slavery and Pro-Slavery War, in violation of the Solemn protests; Sacred Peace Compromise offerings; and warning Brotherly advice of the Great National Democratic Party, and from the Damning Results of which they are as innocent as the child unborn!!!—or in

other words there was but one National Democratic Party that stood up peacefully for this United Democratic-Republican Government of our Fathers, whilst there were two Rebellious Sectional Cloven-footed Anti-Slavery and Pro-Slavery Civil War Factions, both of which were unknown to and at war with the Union, Constitution and all the National Laws!! *Again*, in this Sweet name of Liberty, but profane bitter act of Treason, Disunion and Civil War, Sectionalism has Contracted in the shortest time (four years of war) the greatest war debt ever created by any Nation: which National Debt has always been held by this opposition Party as a National Blessing!

2. In the Sacred name of Liberty, Philanthropy and Equality before the Law; but profane base act of Treachery, through the Triumvirate of Official Money and War Power in their Protected Petted Class-legislated Land-Granted, Railroad-Granted and Capital-Granted Monopoly, they are building up the greatest, fastest, growing Oligarcho-Aristocracy, ever man-ip-u-lated under kingdom, empire or Black-Republic!!! To prove these bold assertions let a few stubborn *facts* be submitted to a laboring people, and Candid but Devilish Humbugged, Humbled World!!!

Under the general Trin-itorial Law there will always be found two Opposite or Antagonistic Extremes: The Positive and Negative; the right and wrong, or the Creating and Destroying Extremes, and accompanied either with a Saving or destroying Mediator. Here we find this Disunion Creating lowest Courtly Head: Slavery Exchanging Legislative Body, and War-destroying Executive Northern and Southern Cloven-footed Understanding of the Black-Republican Party, with a Sectional-creating Injudicial and In-judicious Tariff-protective Head, Protecting only Land, Railroad or Bonded and unbounded Capital monopoly, in the North Eastern Extreme *Maine*, Massachusetts, New-Ham-shire, Stately brain, under the Kingly Cotton, Wool and Capital Crowned and Iron-bound Head of the Nation, with the opposite Extreme of the Un-protected Black-Republican Cloven-footed Southern Slavery Exchanging, Spoiling Political Pestilence of its War, Slavery and financial-famine-pinching, Granted Kicking Protective leather booted out, Executive lower understanding. Whilst between these two Antagonistic Extremes comes in the War-destroying Mediator of this Sectional Anti-Slavery and Pro-Slavery, Great Southern and

Western Laboring Body of the Nation, Still re-constructing, re-enacting and re-destroying, under military forced class-legislated, Chronic Civil War of Capital over Labor: forcibly Exalting Capital the Creature Servant over Labor its own Creator. Protectively and forcibly Exalting the ignorant Slave of yesterday as the Wise or otherwise Statesman, learned Law-giver and more just Stately, disbursing, Financial agent of to-day over his former Master!!! Through the Higher law War-Union of Church and State, in the Sweet Sacred name of Liberty, Philanthropy and Equality before the Law, but profane act of Disunion, National, Political Slavery and Sectional Civil War these promising men to hear them talk and boast of their conquering War record in their own Sophistical E-goat-is-ticle and Iron-ical way (and a strange highway they have thrown up to the political surface) they will soon forcibly Exalt man the poor, ignorant Adamie fallen creature Servant, over God, his hitherto Omnipotent Divine Creator!

They would also forcibly set up their own negative, water, wind and fire annihilating *Man*, *World* and *UNIVERSE* destroying Standard of general destruction over our Heavenly Father's Positive Divine *Plan* of Individual, Spiritual and Material Salvation of all "*Spirit*, *Mind* and *MATTER*!!!" Then under this Constitution I am afraid the Black-Republican boasted Boon or bone of Contention, Dog-matic-ally, houndishly and growlingly called "Equality before the Law," is a mis-taken, mis-an-thropic, mis-nomer (not she of *Womans Rights*, *Temperance Crusade*, or *Auntie Beecher*, *Tilt-on*, *Bow-in no-to-riety*), but that he, she or it should more appropriately be called Sectional Extremes, not only before the law! but also behind, above and below, to the right hand and to the left and all around the Law!!! Let us try this thin Rubber Elastic Shoe on the Cloven-foot and see or find where the Shoe pinches.

In the South, under the Sovereign Virtue, or pinching Screwing Vices of higher law and Military Power over Civil Law, they, the Republican Party, have forcibly given all the Government Protection, Representation and Granted hopes of Salvation, and none of the labor pains of *Taxation*, to a Poor, ignorant, Slavish or Servile race, because they are the Sovereign Supporting Black-Republican Fulcrum on which moves the whole Republican Lever of Sectionalism, by virtually holding the down-

ward Scale in the base Political Balance of Power, where all have Ben Wade in the balance and are found wanting Massa Grant, and are still found dictating to us their unequal yoked, Labor-Serving plebeian Brothers, under what Sectional Granted Sovereign Master we may, should or shall serve for each indefinite second or third term, or each definite term of four years, merely because Sambo, Dinah and their little Pick-a-ninnies are as much the Sovereign Slaves of a common Black-Republican wool-field, one United States Farm under one General Sovereign raising Massa Grant, as they ever were Domestic Slaves under their many cotton-raising field Masters in the South; but whenever this Stolen Yankee Ham-smoked-out Man and Brother from Africa, fails to give freely all his Sovereign Powers of Body, Mind and Spirit to Massa Grant, or to his Sovereign-Supporting Black-Republican Master then he can go to the Devil and shake himself, wash his face in the Sovereign Democratic fountain of Eternal Youth, and then come back and behave himself in the Democratic Party!!!

Thus this Black-Republican Party may be unwittingly raising a Sovereign Cain Club over their higher law Exalted Head, to beat out their own Abel Brotherly Political Brains. Whilst in the North they have given all the Protection, Representation and Gold-saving Interest, and the Bonded Principal Plan of Political Salvation, and a free pass from the labor-pains and penalties of Taxation to the rich Aristocratic Bond-Slave-holder, or Land Labor and Capital monopolizing, Class-legislated Pets of this Protective Granted Shoddy Cloaked Petty Coat Government, because they are bowing down to and worshiping the Savage, barbarous African or heathen Trinity, the God of Mammon, of Slavery and of War!!! Is this a fair specimen of their boasted new-fangled, Star-Spangled, reck-tangled, Sovereign Equality before the Law???

3. In the long Political Know-Nothing, Red-Republican and Black-Re-pub-li-can Rip Van Winkle Sleep of twenty years from which this Nation is now providentially waking, we find this then much Exalted Red-Republican Know-Nothing, or so called Native American (wild Indian) Party, would have disfranchised the intelligent and Industrious and Property qualified White foreigner for the long minority term of twenty-one years before he could take any Sovereign interest in the manhood suffrage, Political affairs of this Nation, because he had sense enough to vote the Democratic Ticket; when now be-

hold and hold on to the Extreme reversing fact that this same War Scratching Red-Republican wagging tail-end of the Black-Republican, Know-Every-Thing Party, is embracing in its Sovereign-Supported War arms the unwashed, unlettered, untutored Negro and foreign Slave from Africa, because he freely, obediently and worshipfully Supports its Black-Republican Master! Yet being the opposite Extreme of the same Know-Nothing, Anti-foreign wag-on-tongue of the Red-Republican Head that Spewed out the White, Clean, intelligent foreigner, and the same Departing White remains of the White-Republican Wag-on Body of the Old Union Wag-on which first drew out of the Adamic, held-fiery ashes of Hell: the "Alien and Sedition Laws!!!" How is this for a higher law? Wag-on Black-Republican Tail of Equality, behind the Red Republican Law of the Hydra-Headed, or seven Stately Headed and ten Government Horned Bloody and fiery red War-Drag-on Monster Sectionalism??? Under Sectional Extremes before, behind, above, below and all around the law,—this new-fangled Party of Wise or otherwise Grant-tied Political Philosophers have tried to force oil and water to meet and embrace each other without regard to the double Attractive affinity of a Saving Mediator. They have attempted to solve the Human higher law Problem or Trinitorial Equation of Nature in this: That one-third of the disobedient, Adamic fallen, forbidden fruits of the biting Sectional Government apple of discord, is greater than the whole National, Constitutional Democratic Apple of free Self-government, naturally united in all its Parts!!! Under their boasted higher-law Power over Civil Law, and through the lesser Curse of States Rights Nullification, or the greater Curse of Sectional Rights Nullification, or National Repudiation, they have attempted to Solve this Political Problem or Equalize this Equation of Nature, black-art, or Black-Republican Science, only by bringing on the greatest Civil War of the Age: Creating by that war the greatest Short-timed National Debt of the World, which National debt the opposition since the political fall of the first man Adam, have embraced as a National Blessing!!!

Granted that it is a general National Blessing to the General War-Grants, and the recipients of Relative General Official Grants, of General Land Grants, General Rail-road Grants and General Capital Grants of Protected

Class legislated official Power, with the three General powers of official, money and war power, marshaled in Hostile array pre-determined to protect, Exalt and to crown capital the Master; and to betray, debase and fetter *Labor*, the humbled Slave; thus after abolishing the lesser curse of Sectional, Domestic, African Slavery, Establishing in its stead the greater curse of National Political Slavery!!!

Again, this Sectional Party of Political mountebanks, National Bankers and National Bond-Slave-holders, by taxing to death our Ship-building trade and selling out our National Shipping Interests, they have compelled our mails, commerce and travel to seek transportation in foreign vessels, thus changing the balance of foreign trade against us, and thereby draining the country of gold and silver to equalize that scaling difference, by creating this great, overdrawn, mammoth debt, and with thrice repudiating their own National contracts, each time in the golden interests of capital, but against the low-bred, living interests of Labor, and by this last Granted, three-horse, base, clownish act in renewing and extending this gold principal and interest draining Bonded Domestic Slave yoke to a foreign nation, they have thus unwisely sold us out, ships, commerce and shipping Interests; Bag, baggage and carpet-bagger; Bond, bondholder and gold holder; *Loom*, *Plane* and plow-holder, to a foreign Nation!!! Then what does this Wonder-fool-wise Party of Third Term Granted or Corrupt, dead-head, heavy-weight, Mor-tons and squinty-eyed spoon-i-fied Butlers propose to do about our last or Sold-out Situation, but transportingly found in a foreign Nation??? Then, figuratively speaking, after the manner of honest, thinking, inquiring men, How stands our profit and Loss account in the great national Trial Balance Sheet, extracted from the Black-Republican Ledger of National Political Life?

We have outstanding in the distinguishing Features of Legitimate, Peace-created, little Responsibilities, and illegitimate, War-forced, great Li-a-bilities, through the Trinitorial Form of Municipal, Stately and National Bonded and unbounded indebtedness, the enormous astounding Sum of Ten Billions of Dollars! Divided:

1. Into one Billion Dollars of National debt, in dead Bonds buried in Political Corruption, Thrice repudiated by its legitimate creators, yet representing a long-prom-

ised, fatherly inherited, Black-Republican Blessing, demanding a double golden Principal and Interest-less, Tax-paying Tribute for these hard Bullion-headed, War-Hearted and cloven paper-footed Financial Cæsars!

2. Divided into Four hundred million Dollars of live Green-backs, as the legitimate Chased legal-Tender Father of a paper-rag-currency!!

3. Divided into Three hundred million Dollars of illegitimate Gray-backs, as the Black-Republican Rag-Baby, or as the War measure of Anti-slavery and Pro-slavery, Bully, Tory and Yankee-hooking, Confederate Rag Currency, Bulling into the Republican Bull-pen, the Bullion headed Democrats, and Paper rag-Doll playing Republicans. Bearing in-Honeying-in, and buying in the Sovereign black bears from Africa; Yanking in the Yankee Smoked-Ham from Slavery; crowing over, yet crying after and sucking-in its Green-back *Pap*, to the interesting financial tune of Twenty million Dollars of Interest drawing golden Syrup from the maternal breast of its Sovereign-Supporting, labor-enslaving, but capital Nursing, pure full Blooded, Africano-Black-Republican Mother!!!

These are some of the little Responsibilities, and greatest le-viathan, financial monstrosity in the form of Liabilities of our Confederate, Anti-Slavery, Pro-Slavery, Sectional, Cloven-footed financial System. Whilst on the other hand, our Democratic National Assets, of the only real money (so defined and refined by our Republican Lexicographers), now locked up in the Financial Sub-treasury, amounts to the small, trifling, in-sign-i-fi-cant sum of less than one hundred million Dollars in gold and silver!!!

Then is it honest for the Black-Republican Party in promising to pay or redeem one hundred Dollars of primary or general indebtedness, with one dollar of honest, Elastic Democratic gold and silver? or twenty Dollars of the Secondary National debt with one of gold or silver; or seven Dollars of the Tri-nary Paper Rag Debt with one Dollar of Everlasting gold and silver??? If the extensive business man should gratuitously offer to pay one hundred Dollars, twenty Dollars or even seven Dollars of his stated Interest drawing indebtedness, with one Dollar, what he would choose to call a superior currency, either at the present or some near future time, and in the meantime spending his means for foreign luxuries, and mean enough to ask an act of Legislature or of Congress to enforce this new repudiated contract on his Bond-holding creditor,

would considerate men choose to call this a just, Legitimate, Honest business Transaction?

This is the Sectional divided financial standing, minus the gold and silver; understanding of this all-promising, but practical non-performing, Extreme reversing Party, who are cunningly concealing from the over-positive right hand, what the left hand doeth, who have created this their thrice-repudiated National debt. Lastly, promising by their right hand man, the magnanimous Bond-Holder and Green-back ratified National Banker, to redeem twenty Dollars of this Republican, narrow-contracted National Blessing, with one Dollar of Democratic, rubber-expansion gold or silver. Promising the municipal, Stately and national Tax-payer to redeem Each one hundred Dollars of this internal Eruptive mountain of indebtedness, with one, magic, worship-fool, Almighty gold or silver Dollar, from this Democratic, purifying, Spiritual Refiner's fire: Promising their Chosen right-hand men, the Pet, Bond, Green-back and gray-back paper-currency, Stake-holders, or current Policy Ticket-holders in this Granted National Gift Scheme, to redeem seven dollars of their promising financial Soft Soap-bubble, from their highly inflated, high-flying, gassy paper Balloon, with but one dollar of golden ballast, from the Inflating, Expansive, Strong Iron Chest of the Democratic, National, Constitutional Sub-treasury System; or, in other words, after redeeming Ten Billions Dollars of their little municipal responsibilities, and greater national and international Liabilities, with one hundred million Dollars of Magic, Charming gold and silver, these bullion-headed-wise Philosophers, Bonded, Political mounte-banks and unbounded corrupting National Bankers, would run this whole government on a fast Rail Road-running, Congress-Running, Gold and Silver running, Specie Circular basis, running the circulating base balance of gold and silver out of the Country *To pay the balance* of the foreign trade which they have run on a dead-head Set Against this Nation, and to pay the golden interest on the foreign debt,

“ Reserving enough gold to pay interest to the Masterly Bond-holding *Clan*,

But preferring gray-backs only for the poor laboring man;
Running the whole land into weeds, and its people into rags,
The Nation into bankruptey, their party into tags;

Hanging on the ragged edge of this unpardonable Sin,
They will run themselves out of office, and the Democrats run in !!!
Yet this is a liberal allowance of two and a half dollars to every
woman, child and man,
Wherein to resume Specie payments on the Black-Republican Plan !
Or gold for the rich Bond-holder, Stock-Jobber and Johnny Bull
receiver,
But graybacks only for the laboring man, from the Black-Republican
deceiver."

Can it be possible that these Self-righteous, Self-appointed wise men from the East—far, very far from the true leavening Democratic yeast, which the woman hid in the three measures of meal, and which must leaven down the whole National loaf of tall Aristocratic Loafers, and raise up the laboring low-bred raisers; or that these hard-shell, bullion-headed and Brassy-faced Democrats, Soft-Shell, Soft-Soaping, Copper-Soled and Specie-bought, Money-Changing, all-promising, but non-performing and All-Repudiating Black Republican, War, Slavery and Mammon worshipers of the Golden Calf—think that this greatest, most Extensive and freest Agricultural, Commercial and labor-productive Industrial Nation of the World, can be run (or only ruled and ruined) on an Exclusive Metallic Currency alone of one hundred, two hundred, or even three hundred millions of Gold and Silver Currency, or whether even now, with Seven hundred millions of Paper Currency, we have an over-plus, or under-minus Sufficiency of Circulating Medium, Especially when as now we have a Sectional, Class-legislated, Pre-determination of Financial Blood to the all-appropriated, Protective Monetary, Bull and Bear fighting, Bullion War Head, or Paper Cooked, over-done, Bil-lious, Apoplectic, Panicky Head of the Nation, leaving the great laboring Western Body and Northern and Southern Black-Republican, Cloven-footed understanding of the Nation in a Cold, ab-normal, Bankrupt, Back-Strapped, head-bowed, Black and White Slave-yoked State of desperation, where the whole Head is Sick, the Heart is faint with an ague-shaking Executive understanding, needing a liberal, double-dose of Compound, Emetic and Cathartic Butternut Physic from the inner-bark of the Body of the tree, Scraped both ways, downward to the lowest roots, and upward to the highest branches of this Adamic fallen Tree of Life, Liberty and

Knowledge, and thus physically purging out this Granted, unclean Augean Stable of this unstable Government. Also a liberal application of the Green-back-Sticking Strengthening Plaster, to the weak, patched up, Consumptive failing, Constitutionallaboring Body Politic, and finally in the end needing a few Sovereign doses of Tonic Golden Syrup, to renew, strengthen and restore the whole united National Democratic Body!!! If this ir-responsible, in-har-monious Party do not propose to run a pure Specie Circular, See-Saw Government, and see the need of a Financial paper Saving Mediator in their, special financial plan of National, Political Salvation ;—

If, like St. Paul, they are in a strait between two, or in a more crooked strait between three Systems of Finance, let them say which they will choose.

1. Whether a Stately Paper Currency, based on Democratic gold and silver (except in a majority paper running Panic), which has some good Homely Staid features, barring a Sectional Centralization of reserved Stately Currency, or,

2. A live Green-back-legal-Tender, Every-body's currency, furnished by the government, or by Uncle Sam for his whole Nation of laboring Children and Yankee Cousins, without cost, loss or interest, based on all the gold and silver, secured by all the real-estate and personal Property of the Nation, and backed up by the Faith and good-will of all the People. I do not know how it is yourself, but if you know how it is myself, my Brother Publican, Black-Repulican and fellow Sinner, I take this as the best form of Paper Money Ever invented by Crafty Man!!!

3. Or would they choose the third Granted paper term which breaks the charm of an insecure National Bank Currency, based on dead Bonds, buried in political Corruption as the Black-Republican, illegitimate rag Biby, hanging on to the ragged edge of its legitimate Green-back Step-father, ruling through its three corruptible and corrupting, purchasable ministers of War Power, Official Power and Money Power, adding all their undue favors to the few pampered rich, at the expense of forcibly taking away the Equal rights of the many laboring poor.

This is the Trinitorial Power behind the Throne, greater than the Throne itself, and which has dethroned or overthrown all Kingdoms, Empires and false Republics!!! This Insecure National Bank Currency, with its twin

relic of Barbarism Tariff, Protection. Since the Political fall of the first man Adams, and his Aping Ham-il-ton, heavy dead-head partner out of this United Stately Garden of Eden, has been the outcast, dirt-eating black Serpent, which was first beheaded by the brave Patriotic Firm, Head or Brains, old Soldier and Statesman, Andrew Jackson, who first removed its corrupt deposits, and Snakey, poisonous nest from the National Legislative Halls of Congress. But the late War Power has Spawned a new brood of the Hydra-headed, Mammon, Slavery and War Dragon Monster Sectionalism, with its 2,000 Black-Mammon Spreading, Serpent or Slippery Codfish-Heads of Aristocracy, and with 40,000,000 labor spreading Tales of Woe!!! Yet how changed the scene since the first fall in Uncle Sam's granging garden of Eden. Now we have a few, Yankee Scotched, Brassy-faced, Bullion-headed or *Copper-Head* Serpents, consorting with this inharmonious Black-Republican family of Black-Snakes!!! But I will take the liberty to say to all such, bitten or would-be back-biting Sore-heads, that you can not serve faithfully two masters. If you are not found working with the Democratic Party in this third great day of National, Political and Financial Peace Judgment, you are working against it and in harmony with the opposition; and since all parties acknowledge we must have a Paper Currency, the only question to be settled is which form of Paper Currency will we Choose? Will you serve under the Masterly Green-back Servant, Uncle Sam's free, laboring man's Nation Secured Currency, which costs the people nothing, which pays all indebtedness, re-enlivens all Industries, and Spreads Peace, Prosperity and happiness over the whole Nation? Or will you choose rather to Serve under Master Gray-backs, the Paper Despot, or the Money Changer's, Gold Gambler's and Stock Broker's, or labor breaker's Currency, which first Bears the Bulls, and then makes the Bulls hook the Bears, or in other words whose only Policy is to make a few idle aristocratic rich men Richer, and the many laboring poor men Poorer!!!

2. The Significant questions as to the true basis of Currency, of Protection and the Just and Equal Administration of the Government as a whole, or harmonious Trinity may, perhaps, be answered best Yankee fashion, by asking briefly other questions:

1. When did the Democratic Party ever base their paper currency on anything Else than Gold and Silver?

2. When did the opposition party base their paper currency on anything else than dead-bonds, buried in political corruption, over whose Bonded grave they have asked, prayed for, and been answered in this first National blessing, or in violated paper promises, Repudiated National Contracts of their own make, redeeming their own paper promises in their own paper currency of current paper changes from Slaughtered State Bank paper, and Slaughtered transported Specie to live Green-backs, and from live Green-backs to dead-head-Bonds, and from dead Bonds, thrice repndiated, to masterly living, but Nation-enslaving Gray-backs? These Gray-backs must be redeemed with live Green-backs, and the Green-back must be redeemed in five per cent. Gold-Bonds, another paper basis promissory change, and the small crop of gold raised from these bonds must help to redeem, be buried in, or be swallowed up by (like the great whale swallowed little Jonah), and be transported to a foreign country to redeem the gold-drawing Interest on our foreign debt. This is the End of Specie Payments; the End of Paper repudiated promises, and the Prophetic bitter End of Black-Republican Government.

3. When did ever the Democrat Party base Protection on any living creature, except the Equalizing distributive Life, Liberty Property protective System of its Intermediate Saving Legislative Body, as the only place where Liberty, Equality and Protection can come in and yield freely equal and exact justice to all men, to all Parties and to all sections of this Great Republic, without regard to race, color, or previous condition of servitude, whether of God, Man, or the Brazen Black Serpent and the Golden Calf of the Black-Republican Party?

4. When did ever Sectionalism or the opposition Party since the Political rise and downfall of their first-erring and departing Man, *Adams*, base their Scheming System of Protection on any other foundation than Partial or Party Class Legislation, or Representation? Partial Taxation?? and Partial Protection??? which is virtually Protecting Idleness, not Industry; Protecting Capital, not Labor! Protecting the Rich, Idle, Aristocratic Bond-holder, National Bank Stock-holder; the corrupt, corrupting and corruptible Office-holder; not the poor Honest laboring Loom-holder, Plane-holder and Plow-holder???

5. When did the great Positive, National, Peace-Creating, Union-Saving and Liberty Redeeming Democratic Party, as the *Legal* HEIRS, Rightful Inheritors, and National Sovereign Will-Administrators of this free-will, self-government of our Democratic Fathers ever base their Peaceful, Equalizing distributive Administration of government on any other foundation than the Eternal Rock of Ages; the Universal Divine Laws of Peace, Love and Virtue, or on harmonious Individual, Civil and Religious Liberty, through Equal Domestic, Social and local Laws, or Sovereign Home Rule; Reserved Statelike Rights, and constitution-limited, delegated National Legislation, provisionally producing the greatest possible good to the greatest number? Proverbally, Pro-Adjectively and Pronominally qualifying, Protecting and defending Freedom of *Speech*, Freedom of the PRESS and Freedom of conscience, and in the end Providentially yielding fruitfully the greatest National amount of Peace, Union and Prosperity this World has ever seen! Greater than Black-Republicanism can ever give, or sectionalism again take away!!!

6. When has this Negative, Dis-Union-Creating, Slavery-exchanging and War-destroying, Sectional, Northern, and Southern cloven-footed Black-Republican Party ever founded, or confounded, their select chosen Party, class-legislated Administration of government, on any other sovereign living movable creature than the basest Worldly Base Laws of *Force*, FRAUD and FEAR? on the forcible exaltation of Military Power over Civil Law? The fraud of Class-legislated, National Political Slavery, through pe-ted, protected and fostered Land Labor and capital Monopoly, and through the *Fear* of an established Military Despotism, under the fast and loose reigning Trinity of the foreign-imported Base laws of Kingdoms, Empires and false Republics, or a strong consolidated Military government! 1st. By the Kingly imported Foreign Minister of War Power. 2d. Through an Eastern Statelike head centralized, narrow-contracted Gray-back Empire of Bonded, unbounded and National Banking corrupt, corrupting and corruptible MONEY POWER!! 3d. With a General Granted, Contaminating, Mobilized, Subsidized, tyrannized, fast and loose Railroad Running and Congress-Running Sectional Land Grants, Railroad Grants and Capital Grants of Official Power, marshaled under the three grand divisions of a White, Red and Black Republican

Administration of a False Republic, resulting only in the end (if allowed to reach that Granted end) in exalting and crowning capital, the Lordly Master, at the National expense of fettering, chaining and humbling Labor the Pauper Slave!!!

Thus then, for the first time in the history of this Nation we hear the first whisperings of that still small voice which says peaceful Revolution of the silent peaceful ticketed Ballot-box—not by the the thundering artillery and tick-ing musketry of the Granted warring Cartridge Box—in a general uprising, *en masse*, of the laboring, suffering people, against their former chosen servants, who then chose to do their Sovereign master's will; but who have now chosen to be the Despotie Sovereign Granted Master! An uprising of the Sovereign people for self-protection, in all their Domestic, Stately and National Rights, through a distributive Equalizing Protection to Life, Liberty and Property!! Not a Sectional, Class-legislated Protection of the present Trinitorial reigning Die-nasty, through the three despotic Ministers of War Power, Money Power and Official Power of the National Government!!! An uprising of the People, the only Creators, Saviors and Redeemers of all government, the only Source of all Sovereign Power, each of whom have a right to be their own Prophet, Priest and King; to defend their own Financial System and the promising Legal-tender paper Currency of the Nation against the corrupt Money Changers, gold gamblers, National Bank Stock-holders, coupon-Bond clippers, Green-back and Gray-back-sharp-paper shavers, and the Bullion-headed, Grayback-pinching, paper-Bodied and copper-soled, counterfeiters of the Old-nick olized five cent-ses who, like children, are tickled as well as nick-old only with the can-cus ring of a Golden rattle, or with the playful changing tune of a Silver Whistle!! and with the wonder-ful sense able narrow-contracted Brassy face, lantern-jawed music of a crooked-tonguey jews-harp! still harping on the fall of Adam, Flood of Noah and Crucifixion of our Savior, yet who can not see our present need of a National Peace Creator, Financial Union Savior, and a Protective, equalizing distributive, Life, Liberty and Property Redeemer of self-government!!!

These men have also been vainly trying, not only to kill the Shemite, white, silver-feathered old gray goose, that lays the Democratic golden eggs, but also of stealing

the Sovereign feathers to freely feather their own fowl nest!!! They have tried to break up this Democratic nest by stealing the last golden nest egg, by appointing their Chief Cook and Bottle-washer and golden egg hunter, to sell us out to a foreign nation, bag, baggage and carpet bagger, transferring the reserved right to Johnny Bull, to hatch and raise our Sovereign American Democratic Coslins, golden Eagles and silver-feathered Ganders!!! This high-flying capital blue-jay chief Cook then is the Black-Republican National or Sectional electrical Mashine, over-charged with Positive brassy-faced electricity, by handling financially the Striking Black-Republican Club of the North Pole, as the longest Positive Pole that reaches and knocks down to earth the highest and most distant foreign ripe golden purs-simmons! No wonder then that from this striking, Positive, over-reaching, over-charged electrical machine, we received such a Financial shock, *Panic*, or Young North American earthquake in 1873, on the commencement Day of Political Financial Peace Judgment, where this Fine-an-shall electric-al Mashine fell down on the Northern Is-othermal circular belted Railroad track—baited with thinly watered Railroad Stock, fed with cooked, overdone, played-out, corrupt Mobilized Bonds, raised prematurely out of season from the financial hot-bed of Political corruption!! No wonder then that when this electrical slippery eel, or Blue-jay-pot-pie cook takes a pinch of Financial snuff, the whole Black-Republican Party Me-chan-ically sneezes! And their whole Sens-ative Financial nature receives a severe shock and goes off half-cocked, half-primed in contractive panic spasms and can only find a Political dead rest in peace by ineffectually shooting back their repudiated Retro-active green-back paper wads at the only National, living, progressive, in-vincible Peace Soldiers in the Democratic Army, which is marching on from Conquering to Conquer all Sectional Opposition! Peace hath her greater victories than war! The Pen of peace is more mighty than the Sword of war, and this great, Peaceful, Temperance and Political Reformation, which commenced in A. D. 1773 in my own beloved native State of Ohio, shall Domestically, Morally and Politically Revolutionize the United States, and Nationally Republicanize the whole World!!! This shall soon become the Model, exemplary Republic for a delegated National Right, Reserved, Stately right, or a free, Sovereign, patent-right Republic.

1st. For the near incoming United States of Europe. 2d. For a United States of Asia. 3d. We will reserve this Black-Republican form, feature and sel-fish administration of government for a Granted Black-Republican United States of Africa, and her cloven-footed Isles of the Ocean!!!

Under a brighter light of the true science of government, Democracy defined, means a government of the People, by the people, for the people! whilst Sectionalism defined, and confined to the Republican Party, means a government of the office-holders, by the office-holders, for the office-holders, and run for the special benefit of their three clients, the rich Bond-holder, National Bank Stockholder and the Land, Railroad and Capital Granted gift-scheme ticket-holder in this National Lottery, and all of whom think they own and have a right to rule and ruin this government!!! The former means through equal legislation, taxation and Protection to unite all Nationalities, classes and sections of the country under one judicial Head, Legislative Body and executive understanding of government, through the third Attribute of Trinity, harmonious Action! The latter means through Sectional Tariff, capital and official protection, to divide native against foreigner, class against class, section against section, with the North divided against the South, the East against the West, with the Tariff, capital and official protective Head divided against the great laboring Western Body, and Southern Agricultural understanding of the Nation, and like the house divided against itself it can not Grantedly stand the storm of Democracy long!!! God grant that next year may break this sectional yoke of Political Bondage; that next year may be our general year of jubilee; that next year we make our second Declaration of Independence, freeing us from the War, Money and Official power, which is ruling and ruining this nation under a Protective chastening rod of Iron!!! Then let us ask and try to answer briefly: 1st. What is *Democracy*? 2. Who are the true Sovereign Democrats in this first Model REPUBLIC of the EARTH?? 3d. What is the Worldly Mission of the Democratic PARTY???

1. Democracy defined means a government of the people, by the people, for the people! In the second place it means that the majority shall rule, the minority be benefited, and all shall have their equal rights respected!! and that all Parties, classes, and sections of the

country, without regard to race, color or previous condition of servitude, whether of God, Man or Devil, shall be equally, justly and liberally represented in the Administration of that Democratic government!!! It means, in the third place, that a purely free government derives all its just Sovereign powers from the consent of the governed!! In the fourth place it means equal burdens, equal benefits and equal protection, or equality not only before the law, but also behind, above, below and all around the law!! It means, in the fifth place, equal protection to all, special privileges to none, and equal and exact justice between man and man, party and party, section and section of this Democratic leavened, bread-raising great *Do-main*!! In the sixth place it means to legally bring down all the Granted Monopolies, peacefully abolish all slavery of *Body*, *MIND* and *Spirit*, and justly bury the erring and departing remains of Financial, Political Corruption in one com-on opening political grave! It means in the seventh place Honesty, Capability and Economy in its administration from the Judicial Head, through the legislative *BODY*, down to the domestic, municipal or executive understanding of all departments of government!!

SECONDLY. The true Democrats are the Positive Creators, Union-Savers and Liberty Redeemers of this first Successful, Experimental, Model form of Republican National Self-government of the World! They alone can Create, re-create! They alone can save! They alone can Redeem this government. (*Example* 1st.) Of a Paternal government Creator—A Washington the Father of his Country; the first in War, first in Peace, and the first in the hearts of his Countrymen. The first man of Earth to disdainfully trample beneath his feet the proffered Royal Crown of Kingdom or Empire, but choosing and accepting in its place the humble, but more glorious judicial, Legislative and Executive Sovereign Crown of a *True* Republic! Washington, the Creator or Savior and Redeemer of this Nation—the same who when the truthful “broth of a Boy,” with his handy sovereign hatchet, cut down his father’s favorite imported English cherry-tree, which was but a “*Type*,” of which his subsequent manly cutting down of the “Imported English cherry-tree,” which bore the forbidden Bully Tory and Yankee-hooking fruit of Monarchy, was the great foreshadowed Anti-type!!!

2. JEFFERSON, the Father of Our Immortal Declaration of Independence, the Father of Democracy, the Father of our common-school system and who struck the first right-handed blow at the Abolition of the African Slave-trade, along with MADISON, the Democratic Father of our unequaled Constitution of the United States, and Monroe, its chief advocate, or defendant, were the Sovereign Trinity, which established Domestic, Political and Religious Liberty and abolished the Despotic Union between Church and State, and, therefore, are entitled to be called the Saviors of this Nation.

3. A. Jackson, the Heroic Hero of Heroes, at New Orleans, who settled through valiant warranty deeds of War, written in Human blood, our little unbalanced, unsettled, out-standing, Royal-blood Account with Our Bully Cow pen Cowed Mother Country in the East, and also our *Ancient* Ish mael-itish Brotherly blood account with the Savage, wild *Indian* in the West, and Subsequently, peacefully conquering in the Executive Veto Halls of Congress the incubus of the Old National Bank and Removing its financial, corrupting and corruptible deposits from the Halls of Legislation, Grantedly for the time being, in spite of the Nation Corrupting, Money Power. This should entitle him to be called, if not the Creator or Savior, at least the Redeemer of the Nation!!! God Grant that after the corrupt reign of this Miserable, Sectional fi-as-co, we may have the Peaceful, Capable, Honest, Straight-edge Hickory-rule of a "Second Andrew Jackson!" If it took the bravest, firmest and most patriotic Hero of the Age to Conquer One National Bank, and remove its corruption, where will we find a Second General Jackson to conquer two thousand National Banks, and remove their corrupt deposits, and legions of Corrupt Money changers from our Stately Temple of Liberty?? Then it is a very easy matter to find the true, legitimate children of Democracy of To-day! who are still found standing fast on the primitive "Rock of Ages," under the flying folds of the Eagle, Shielded, Star Spangled Banner, as the chosen Door-keepers, to the "Temple of Liberty," where our Positive War, Peace and Nation-Creating, Union-Saving, and Liberty-Redeeming Democratic Fathers have always Stood Opposed to National Banks; Opposed to Granted Monopolies; opposed to a great National debt, as not a Granted Blessing, but a National, Sectional and Individual curse; opposed to Repudiation in every

shape, face and form! In the peaceful calm sunshine, or Granted thunder and lightning war storm!! As a vice of the bloody and fiery red war Drag-on Monster of such hideous mien! To be hated in this latter-day, Switching tail-end of fly time, must be felt and seen, or, in other words, opposed to the violation of Individual, Municipal or National contracts! Opposed to the Special Protection of a few idle, rich men, at the expense of enslaving many laboring poor men; opposed to taxation without representation, and *vice-versa*; opposed to special or partial, favorite class legislation. Or favoring with the legal force of this whole Nation; Protecting our Dear, Small, Select High-school Class,—But forcing the great, laboring, Common-school herd to go to grass; Opposed to forcibly Crowning Capital, the Creature and Legislator;—But now the Granted Master over labor, the Slave—its own Creator!!!

Thirdly. The Mission of the true Democracy is to establish Just, Pure and Undefined Individual, Political and Religious Liberty; through its Equal and Impartial Administration, as the only Positive Creator, Savior and Redeemer of Self-government! Establishing Equal and Exact Justice in all departments; or throughout all its National, Stately and Municipal branches, and strengthening the weak; Protecting the poor, and Rendering unto *Labor* the rich Capital rewards of its own hands!!! Then in a National Sense as a Saving and Redeeming Missionary Legislator, the Democratic Party is the only Poor Man's FRIEND; the Laboring Man's BENEFACITOR!! and the Equalizing, Protective, Life, Liberty and Property Distributor of GOD'S good gifts to MEN!!! Here, then, in their *Impartial* Administration of Government only Can *Liberty*, EQUALITY and PROTECTION come in and do equal and exact justice to all *Men*; to all PARTIES and to all SECTIONS of our vast, expansive Country!!! Here lies the secret Main-Spring, or Secret-Spring-unlocking-Key to all Political Governments, through the Positive-Saving Principles, Policies and Practices of our Democratic Fathers, as our only Spirit Creating—Hope, Saving Means; and Redeeming Plan of National, Political Salvation, and thus making this the Model, Exemplary Republic of the World!!! Then let "Excelsior," "E Pluribus Unum," be still our higher Eagle-Soaring Motto; for "United we Stand, Divided we Fall!!" Only in Homogeneous Unionism lies our Saving Strength; whilst all Erring and de-

parting Sectionalism is National weakness, demanding the Supporting Strong Arm of Military Power!!!

All of the above-mentioned, and many unmentioned Political, Contracting, Screwing, Pinching Vices of such hideous Men that are opposed to the Life, Progress and Prosperity of this Nation; opposed to the Equalizing Wise Government of the Democratic Party,—are all eagerly embraced by all branches of the erring and departing Negative, Sectional, War-destroying Opposition; for, be it known, there are but two legitimate Parties known as the Law-Makers of this Nation. One is Positive and National in all its “Principles, Policies and Practice,” and is wisely named Democratic. The other is Negative and Sectional in all its “Principles, Policies Practices,” and considering the Granted Afri-can Black-beaming Scale, holding the *Base-Balance* of Political Power, is rightly named *Black-Repub-li-can!!!*

When the old Whig Party died, in 1853, and gave up the White-Republican Ham-let Ghost, in performing its National part on this Political Stage of Action—with it died out all of the legal, National opposition to the great National Democratic Party, and from its dead and buried grave *Issues* come the three Illegitimate, Erring and Sectional-departing Parties, representing the three Races of Men, distinguished by three National colors: the *White*, RED and BLACK: By three degress of civilization, representing Civilized, Barbarous and Savage Life! Also by three orders of Religion, representing the Pagan, Moham-medan and Christian World! Having the Judicial, Celestial, Pagan-Asiatic Head; the Mohammedan, Catholic and Protestant-Saving Church—Stately, Legislative, European Body; and the Protestant and Catholic Cloven-footed Executive Understanding of the Western New World; the White-Republican Party representing our Peaceful, Obedient, Westward Marching, Saving-Shemite *Mediator* between our erring, Sectional Eastern-departing Red-Repub-li-can Japheth Brother on the right hand, representing the Know-Nothing, Native American, Wild, Savage Indian Party; or the Prophetic Wild Man of the Wilderness, whose hand should be against every man, and every man's hand against him, which means War; and our Erring and Sectional, Southern-departing, Black-Republican Ham-ite Brother on the left hand, representing the Noah-Hamic-Curse of Canaan, which means Slavery until the bitter end; or until the Black-Lamb of Slavery, and the *Red*

Li-on of Civil War shall meet together and embrace each other; and the little, erring, departing and Mis-fortun-ate Child of Intemperance shall lead and soon follow them into the opening grave of *Political Corruption*, as the last of the reigning TRINITY, through *Force*, FRAUD and FEAR. Since Adam's Fall—of War, Slavery and Intemperance in the Ante-di-luvian Old World, against the reversing extreme of Intemperance, Slavery and War in the Post-Diluvian New World!!!

Under the general Divine Law, one reversing extreme follows another; or, in other words the first shall be last and the last first. *War*, our last base, Worldly Conqueror over Death, Hell and the Grave has been the first to wash out, in rivers of Human blood, Slavery, our last Nation-disturbing Element, and with it War itself, as two-thirds of this reigning Trinity, in the Day of War, Judgment—just entering its teens. Now through Peace, Judgment, which commenced in A. D. 1873, according to the Prediction of Daniel, the greatest Prophet of all the Earth—Intemperance, the first and greatest crime and curse of the Post-(or Ledger of Life posted) Di-luvian World, since the left-handed curse and fall of Grand-Father Noah, is the last of the reigning Trinity of Intemperance, Slavery and War through the down-ward pointing, base, Worldly Laws of *Force*, FRAUD and FEAR; but which last enemy shall now be conquered by Moral Suasion, or through the Spiritual Up-right, Heaven-pointing Divine Laws of *Peace*, Love and VIRTUE! which govern Positively the whole Universe!!! Then this Great, Peaceful, Temperance and Political Reformation, which commenced A. D. 1873, in my own beloved native State of Ohio, shall *Domestically*, MORALLY and Politically Revolutionize the United States, and Nationally Republicanize the whole World; this Spirit of Peace, Temperance and the Liberty-*Leaven* of *True* Democracy is destined shortly (like the leaven hidden by the woman in the three measures of meal) to leaven, raise and pro-visionally provide the need-ed Do-mestic, Moral and Political Bread of Life for all the hungry Republican Table-Setting, Thirsty Temperance SPREADING, and Peace, Liberty and Virtue *Loving* Nations of the World!!!

The rest of this book will be devoted principally to criticising the critical Stumped-out Speeches of this Stately Camping Camp-paign.

The Strong Butter and Spoiled Cream and Sour Skim-milk of Black-Republicanism, Governor Hays, says at his

open-and-shut and dead-head Speech at Gallipolis, August 5, that "By far the most important question before the people is the attack of the Sectarian Wing of the Democratic Party on the Public Schools." Is it possible these men are so green, and think the people are so green, because they advocate a Living, Working Sufficiency of Green-backs, that they can not see that this is a Second Crusade against the Catholic Church, by the Erring and Departing Whig, or White-Republican, Clipped Red-Republican Wing of the Old, Dead, Defunct and Double-decade Know-Nothing Native American, or Wild Indian Party, just out of its native wild-woods, and which is just waking up from its long, Political, Know-Nothing Rip-Van-Winkle Church-Stately Sleep of twenty Years, only to show its Warring Bloody-hand dripping with the Brotherly-shed blood of Saints, Martyrs, and the Savior of the World???

When did the Catholic Church commence legislating for the Democratic Party? When did it become,—when was it accepted,—or what entitles it to be called the Sectarian Wing of the Democratic Party?? When did ever the Democratic Party propose to divide the Public School Fund??? If not, what becomes of this most important question before the People, as presented by these Gassy, Exploded Republicans?? On the other hand, I here positively declare, on my own responsibility, without the fear of a successful contradiction, that the Democratic is the only Party that has spread its Municipal, Stately and National Wing over our Common School System, and Soared as much higher as the Eagle (the emblem of American Liberty) over all other birds of prey, in Establishing Domestic, Political and Religious Liberty, and in Exalting this Nation above all other Nations of the Earth!!!

Who, if not Jefferson, was the Father of Democracy, the Father of our Immortal Declaration of Independence, and also the legitimate Father of our Common School System in these former United States? Who, if not Madison, was the Father of our Immortal, Un impeachable Unequaled Constitution of the United States, and who along with Jefferson and Monroe, its Expounders and Defenders, were the Democratic Trinity, the first of Earth to Establish pure and undefiled Domestic, Political and Religious Liberty, without any union between Church and State;—without any religious test in the selection of officers to

administer that government; and without any, except the qualified Jeffersonian test of "Is he Honest?" "Is he Capable?" "Or is he Faithful to the Union, Constitution and the Impartial Administration of all the Laws???"

The Democratic Constitution for the State of Ohio positively declares that there shall be no division of the School Fund; that no Sectarian Party shall govern these Stately Schools, and that no Sectarian Dogma shall be forcibly taught in these Free Common Schools! Then who are the unfriendly Agitators, Crusaders and Disturbers of our Common School System? Surely not its Democratic, Fatherly Creator, Savior and Redeemer? The only well known public Man or Politician in these United States, who ever advocated a practical division of the Common School Fund, was William H. Seward; but he, I believe, if rightly informed, was always found working in opposition to the Democratic Party, as a Tri-colored, White, Red and Black Republican!!!

But why should these would-be-high-flying stinging, but low-bred, busybodies, who are forever meddling with other people's business, but not minding their own, see cause to find so much fault with our Honest, Industrious, Peaceful, Tax-paying Catholic Fellow-Citizens, who willingly pay their proportion of School tax to school our children, without one cent of benefit to their own, whilst they tax themselves again, individually, to teach and school their own children according as they think to the behests of their most sacred right to the Freedom of Conscience?? Whilst on the other extreme, these would-be Black-Republican, Carry-on, Crowing Buzzards would apply this superabundance of Growlers, School-tax for the special benefit of their poor Black-Republican Supporting Brother from Africa, who pays but little or no School-Tax; or, in other words, we must not only divide the Common School Fund, but we must give the lion's share to this Sovereign Supporting African, Protestant, Sectarian Wing of the Black-Republican Party!!!

The Democratic Party are not flying on the Eagle or Buzzard, Carpet-bag, or Scallywag Foreign or Native Sectarian Wing of any party!!!

Under is the dry plural Hays answered? or has he gone to grass? under the Sectarian Wing of his Common School African Class???

2d. On the subject of the all-important Financial System, this same Haysy speaker, who for the third Granted

term is again reaching for Political fodder at Uncle Sam's Stately government crib, says in his first maiden opening speech at Marion, Ohio, July 31, 1875, under the head of the "Centralization of Power," that "During the last few years a great deal had been said about the centralizing tendency of recent events in our history. The increasing power of the government at Washington has been a favorite theme for Democratic declamation!!!" "But where since the foundation of the government has a proposition been seriously entertained which would confer such monstrous and dangerous powers on the general government, as this inflation Scheme of the Ohio Democracy???" Is not this an Almighty Strong plea, by a Haysy, Crazy, Lazy man, for a Week-lie Soft-Soaped, unwashed, 10,000 times more dangerous, Bond-holding, National-Banking, hard Bullion-headed money power, which has in its own turn of the revolutionary government wheel repudiated Democratic Gold and Silver, Repudiated State Bank Currency based on gold and silver, Repudiated, and spit upon their own once favorite Green-back currency! Repudiated their own national debt, in offering upon the Golden Cross of our National Sacrifice, by offering to pay \$20.00 of their thrice Violated, or repudiated Black-Republican paper promises, with one Dollar of the World's Nation Redeeming Democratic Gold and Silver!!! But which, worst of all, has repudiated the poor, honest laboring Tax-payer, the only legitimate Creator of Capital, the only producer of Industrial Wealth, and the only bread-raiser of the Staff of Life!!! by contracting, cur-tailing or cutting off his legitimate, but insufficient supply of National Currency, which is, or should be, the Equalizing, purifying, and circulating, rich golden colored Arterial Blood of the National Financial Body Politic; yet which, at the same time, has compelled him to bow down to, and serve faithfully, this masterly God of Mammon, and to pay a three-fold exacting tribute to the Money (Cæsars) Seizers. 1st. In paying their own Stun-pen-du-ous high mountain range of Municipal, Stately and National Taxes. 2d. In paying the Money Titled Exempt Tax of the rich Aristocratic Masterly Bond-holder!!! 3d. In paying a double golden Interest drawing, and Nation draining; or gold principal and interest promising, Domestic and foreign, reigning and ruling, and running Trinity of the Bond-holding, National Banking, and Balance of trade exacting Money Power!!! Even under the Consolidated Granted Government of this

reigning, ruling and spoiling Trinity of the War-power, Money power, and Corrupt Official Power: Is the provisional, living Green-back Financial Issue in the Ohio Democratic Platform considered by wise men a positive declaration of War? or is it not rather a compromise Peace Offering, under this Grant-tied Chronic Civil-War of Capital over Labor, rendering unto these War, Capital and Official Money Seizers, the things only that are Cæsar's! Unto God his Moral Saving Plan of Human Salvation which belongs to God alone; and unto Labor the rich Capital Crowning Rewards of its own laboring hands!!! If this is a declaration of war, or evidence of a consolidated form of government, I must confess that I am so blind and insensible I can not see, nor feel the sharp bayonet sticking point. Neither can the Sovereign Democratic Party See it in the brighter light of the ancient Loco foco kindled Camp-fires of the American-bully English Revolution! But only in the darker, smoky, home-stead Camp-fires of the late Black-Republican Anti-Slavery and Pro-Slavery, Savage or uncivilized Civil War!!! Here and here only the Green-back Financial Issue had the whole hog-ear-marks; the Brotherly bloody hand-marks and the As-tounding National debt marks of a Grantedly Strong Consolidated government!!!

“ But this Black-Republican War-cloud has providentially passed, And the Democratic Heavens are now Peacefully O'er Cast.”

Is this Haysy Man answered under his consolidating Green-back Paper Crown? Must we have a Shear-man, Taft, or heavy dead-weight Morton to cast one-third our stars down? Or an Allen, Cary, or Pendle-ton, to raise our Democratic Golden *Sun*?? And our bright Shining Silver-faced Moon, in its Eternal Specie Circular run? Must we have War, Political Slavery, and all Intemperate ruling wild Extremes? Or Peace, Freedom and Prosperity, through Democratic Union-Saving Means? Shall we have War of Capital over labor, Political Pestilence and Financial Famine dire? Or Honesty, Industry, and Economy, to raise our Earthly Paradise still higher???

Next comes the native Hoosier-ified, Buckeyed, stately, heavy dead-weight Mor-ton, from Indiana, who, as at Urbana, Ohio, is still spreading his thinly-watered, Warring, Protective and Financial poisonous Buckeyed stump-water in a Political retiring flood over Ohio; and who is ever ready to go back to the Boastful, Brotherly, bloody War

Record of the Black-Republican party, written in rivers of human Blood; and who is still found fighting, as under Lincoln the 1st, Johnston the 2d, and Grant the 3d, as a faithful, Granted, Loyal, and Royal Soldier—fighting the Confederate Battles of Sectionalism against Sectionalism in this savage, chronic civil war of Capital over Labor, through the Political Pestilence and Slavery of Land, Labor and Capital Monopoly, ending in this Prophetic Financial Famine, by the contracting, screwing, pinching vice of the War Power, Money Power, and official Power of Political Corruption. Yet, will we watch, follow, and corner these men, although they go back, and, like the professed Orthodox Christian, dodge behind Father Adam, who, through disobedience of the Divine Law, was the first to bring War, Sin, and Moral death into the first Paradise of man, and as a punishment by banishment, the first to bring Slavery into the world, and through War, Slavery and the Intemperate Extremes of Domestic Infidelity the first to bring the Elderly Cain-striking Abel Brotherly murder or Bodily Physical death into this first model family of mankind, in which great Event War, Slavery and the intemperate Extremes of Domestic Infidelity was the first order of the reigning Trinity in the Old Ante-diluvian World, which was reversingly changed to Intemperance, Slavery and War in the Post-diluvian New World!!! Likewise, these professed Political Church-Stately Saints would dodge behind their first political fallen Father Adam's, the first to partake of the forbidden fruit of this Sectional Apple of Discord in the Alien and Sedition Laws which has yielded the disobedient prolific Church-Stately, first-fruits of War, Political Slavery, and the Intemperate Extremes of the Granted War Power, Money Power, and Official Power, which is compelling us all to bow down to and still worship for a time the Barbarous Savage and Heathen Trinity, the God of Mammon, the God of Slavery, and the God of War!!! This Bully, Tory and Yankee-hooking, Triumvirate-divided, three-Faced, Parti-colored White, Red and Black Republican Party, Representing the erring and departing three Races of men, distinguished by three colors, three degrees of Civilization, and three orders of Religion, have built their Church-Stately government on the Eternal Plymouth Rock of Ages, which Typically says Rock me to Sleep, Mother Earth, and bury me with Adamic fallen Father Clay; and by their *be-witching*, long broom-handled Salem, high-flying, Heaven-Sweeping Spiritual Kingdom,

they have taught the pure Pew-rit-tan-nick-all Law that the right hand shall not forget its cunning, or that we should not let the crafty left hand know what the cunning right hand doeth; and whilst this cunning, knowing right hand has been raised to strike down to Earth his Know-Nothing Native American Indian, or free Communistical Red Republican Japheth Brother, as the Typical Ishmaelite of the Scriptures; the Figurative Red man dwelling in the tents of Shem, or the Prophetic Wild man of the Wilderness, whose fiery and Bloody red right hand should be raised against every man, and every man's hand should be raised against him, which means War and Elderly Cain-Striking Abel Brotherly, retail and wholesale Murder, until the third resurrection morn' of this third Day of Political Financial Peace Judgment.

Whilst this is prophetically true of his cunning right hand, through his bully, land-hooking, quitclaim, and Warranty Deeds of War written in rivers of Human Blood, His Yankee-hooking, crafty Secret ordered left hand, with a high black buzzard-sailing hand and long Slave-bearing out-stretched Arm was sympathetically reaching over into Africa, so softly stealing from out his free, peaceful African slave home this Hamite Man and Brother, who transported with this view, he is lost in Wonder Bonds, and prays for his Canaan-cursed race; and who freely, over the left, is the second time Stolen into Slavery by his crafty, hooking left-handed Yankee Brother, or the first false Step-Father to this African transported Illegitimate but adopted Child of Slavery, who has sold him Body, soul and spirit to his Southern appointed Financial guardian (chosen agent) and guilty part-aker in this greatest crime against humanity. Yet, these pew-rit tannick-all civilized Man-stealers, Slave-smugglers, and outlawed demand and supply speculators in human chattles, who first forced these African slaves bonds on the Southern market, have repudiated their National contracts with their Southern Agents or National Bond-Slave-holders. They have declared that their fellow-partaker in crime is more guilty than the original Transgressor. They have finally declared war against their Southern, financial appointed, legal guardians over this their adopted child of slavery; and they have called on Uncle Sam to help them steal, for the third time, their Servant, Man and Brother, out, in and from the erring and departing land of Slavery, by the strong Pew-rit-tan-nick-all, cunning right hand of War! But did the End

justify the Means? The Means was Civil War—the Meanest Means of all the Earth—and the End accomplished is National Political Slavery!! They have abolished the lesser Curse of Sectional Domestic African Slavery, but they have established on its ruins the greater Curse of National Political Slavery over Body, Mind and Spirit, over black and white alike, under the War Power, Money Power, and the Official General Granted Military Power over Civil Law—the three greatest, most despotic, Tyran-nick-all Task-Masters of the World!

No, these Political Criminals, Artful Dodgers, and War Dictators, or Small Financial Common-taters, need not think to escape cornering up in this Prophetic, Democratic, Victorious Day of Political Financial Peace Judgment, by dodging behind their Bully, Tory and Yankee-looking Whig or White Republican, Know-Nothing or Red-Republican, Sectional or Black-Republican Fathers, who have hooked us into Slavery and hooked us out of Slavery, hooked all of our Democratic Gold and Silver, and forced on us in exchange and compelled us for the time to accept and nurse their Illegitimate Greenback and Grayback paper Rag-Babies, but who are now lustfully Bellowing for their Golden Calf, which they have weaned, butchered and transported to re-veal the re-sources of a Bully foreign Nation!! They have Hooked us into war with their Southern Sectional Confederates, and under the War Power, Money Power, and the General Granted Official Power of a consolidated military depostism, or stately reconstructed African colonial government, hooking down by the little horn which had two fore-seeing eyes of the War drag-on Monster—Sectionalism, the laboring man—hooking from him, whilst down in Slavery, under his bonded National debt-master, his last living circulating National Debt, contracted, promising, Greenback, legal-tender paper Dollar, through the false Protective Conquering Means of a Chronic Civil War of Capital over Labor; The Political Pestilence, Slavery and masterly protection to Land, Railroad and Capital Monopoly, and the Financial Famine, War and the Granted Class-legislated Extremes of Partial Representation, partial taxation and partial Protection, constantly and effectually making the very few very rich men richer, and the very many very poor men poorer, and resulting in the end in freely exalting and crowning Capital the Sovereign Master, and Slavishly fettering and humbling Labor, the Subjective Slave!

According to the Pedigree, this reigning, ruling, and ruining, or War-spoiling Black-Republican Party, was first conceived in Sectionalism, born in the Labor-pains of Disunion, and raised by the puritannical Cunning right hand of War, and was the aggravating, offensive, Crafty First Cause of Slavery, First Cause of Sectionalism, and First Cause of War; or, in other words, figuratively speaking, it has been the Primary and Secondary First Cause of Sectionalism, which Effectually brought Sectional Cloven-footed Anti-Slavery and Pro-Slavery Disunion, Resultingly forcing the Whole Nation into the greatest factional Northern Confederate and Southern Confederate Civil, uncivil War of the Civilized World!!! Yet these guilty men have tried to lay all their Devilish, Ap-pall-ing Sins of Omission, Com-mission and Trans-mission on the Democrat Heads, patient-*Backs*, and Peaceful understanding of the Democratic Party!!! Yet, But the Democratic Party, the Creator, Savior, and only Redeemer of our Government, Came not or Comes not now to destroy the Law, but that through them all Municipal, Stately, and National Civil laws shall be fulfilled, Executed, and Obeyed. They Come to their own not to destroy, but to magnify the law and make it honorable!! They came not to destroy Slavery, and with it *this* National Government of Our Fathers; but we taught our Servants, whilst under the Curse (as did the Savior of the World), to be obedient to their Masters. Yet these fiery and blood red, right-handed Warriors and crafty Black left-handed Slave Smugglers have spent volumes of Brassy-faced gas, and written volumes of trashy Book trash, in trying to prove to the Simple-tons—surely not to the wise ones, more particularly before the war—with their bill of particulars, that the Democratic Party was the Divine Creator of Slavery; That they Supported it as a Divine institution; That they Created the Slave, and gave him Each Black Earth-mark feature of Slavery; That they kinked his wooly hair, blacked his face, flattened down his nose, pouted out his lips, thickened his skull, Cap, tanned his manly, full length, raw-hide skin Black, and made a legal tender of his shins. But this latter Sounds like a Black-Republican Measure, more especially if the War-wound and Constitutional Amendment is plastered over with Sovereign paper prom-is-sory Shin plasters!! But in the War-Contraction of this kind of Black-Republican, legal-shin-plaster tender currency, and its redemption in National Slave bonds, we have transferred our

South-down African stock in trade in the foreign African, Bully-hooking, Yankee-wooling, and Goat-pulling Black-Sheep *Mark-it*, under the above named Democratic Credited Slave Marks, to Uncle Sam's Masterly, Crooked Shepherd's Care, who have further labeled him, Since this Cruel War is over, or is now Financially, by piece-meal, passing over: This is my General Granted Sovereign Supporting, Sectional transporting, Black-Republican Slave Mark!!! They have falsely accused the Democratic Party of being the Cause of their own Sectional Manu-fact-erred War; of being the Cause of their own Stu-pen-du-ous look-out Mountain of National Debt!! Of being the Cause of their own Swelling, irredeemable, high-tide flood of Green-back and Northern Confederate Gray-back paper-rag-currency, which is now overflowing the National Banks of our Political Jordan of death; and they are damning the Democrats because they will not help them to dam and Stay that flood which, if taken at the even tide, when running on the laboring, golden Sands, or Silver threads of life, leads on to fortune; Whilst they alone are the Cause of War, the cause of this irredeemable flood of discriminating gold-contracted debt for the rich man and paper-contracted debt for the poor man. They might go one step further, and accuse the Democratic party of canceling Nature's Laws, and of giving the three distinguishing colors to the three races of men.

They themselves are the first original aggressive, offensive, war party, which first declared a Sectional War against the South, and the South defensively accepted the challenge! They have declared, time and again, in Congress and out of Congress, on the stump, in the lecture Room, and in the Pul-pit, or in the pul-in-to the War pit and pul-out of the Slave-pit, in their Sectional, long standing Church-Stately three-fold declaration of war against the South: First, That this Stately Democratic Union of Our Fathers could not stand half slave and half free territory. Second, That without a little loving, Brotherly, sanguinary, Dr. Chandler blood-letting, the Union would not be worth a curse; or, to save the Nation's life, we must cut the patient's throat! And, third, That the Day for National compromise Democratic Peace-offerings had passed, and a Sectional, uncompromising War must commence of Brother against Brother, the Father against the Son, and the Son against his Father!!! Then who was the Cause of this War? Was it the great National Democratic Party, which entered

their solemn protest against War, and preached Peace to both rebellious, in-lawed and out-lawed, Sectional factions? or these two not States Rights but Sectional wrong parties, both of which, either in peace or war, are unknown to and at war with the Union, Constitution, and all the National Laws? At war with the Sovereign Type of the Declaration of Independence and Spirit of the Union, Constitution, and National Laws, all of which positively declare, as plain as Sacred Writ, that for the mutual protection (not the destruction) of Life, Liberty, and property Governments are instituted among men, deriving their just powers from the Consent of the governed! Yet, under their first declaration of War, this Sectional party has virtually divided this Union into two eternal warring, Antagonistic, Sectional, Anti-Slavery and Pro-Slavery Factions—half Slave reconstructed African colonies and half Granted free States!!! Under their second war declaration of a little Brotherly blood-letting they have set these Warring Factions to cutting each others' throats; and under their third War declaration, of an uncompromising War, which must and did commence, and still continues with these Warring factions. They have carried out their whole *War* programme.

Yet, only one right have these warring factions held in common: that is, the right (or wrong, rather) of Revolution. In this they have filled the Bill (See the Bonded Debt) according to the programme—fulfilled their mission; now let them die the political Death, and yield up the ghost of Sectionalism, Disunion, and Civil War. Is it the mission only of Sectionalism, Disunion, and War to mutually Protect Life, Liberty, and Property, to secure governments among men deriving their just powers from the consent of the governed, and to establish that government on the upright, heaven-pointing Divine Laws of Peace, Love, and Virtue? Or is it not rather the Mission of the present above-named Ruling Trinity to destroy Life, Liberty, and Property, and to make insecure the best governments of the World? Even after deriving their just powers from the consent of the governed, and to revolutionize and reversingly overturn, or turn upside down, the three Co-ordinate, Co-operate, and Co-relative branches of all Human governments—the Family, Church, and State—and to re-establish, re-habilitate, and re-construct them on the downward-pointing, base laws of Force, Fraud, and Fear? The Force of Military Power over civil

law—The Fraud of National Political Slavery in the place of Sectional African Slavery—And Fear of the War Power, Money Power, and Granted Official Power of Military Despotism!!! It shall be my mission, as it should be the mission of the Church and State, to help peacefully turn and overturn, until He Comes whose right it is to rule and help remove these three stumbling-blocks out of the way, and to help re-establish our Temple of Individual, Political, and Religious Liberty on the Divine Rock of Ages, and wherein again shall be administered Justice, Judgment and Mercy over all the earth!!!

Sectionalism is also at war with the Spirit, Type, and letter of Washington's Fatherly Advice through his Free-will government Inheritance, in his Fare-well-address to his obedient children, which as an oracle of Wisdom, uttered in the Spirit of Prophecy, he has, prophetically, warned us to be ever vigilant in watching over our National Union, as the secure Palladium of our Liberties, by Indignantly frowning upon the first dawning of every attempt to alienate any portion of our Country from the rest, or to enfeeble the Sacred ties, which now link together the various parts." Yet in the Spirit of this Fatherly Advice, the Democratic Party in-season and out of season have prophetically warned these Sectional parties what their end must be, but their predictions have been unheeded. The Black-Republican War-die has been cast; the Ohio and Potomac Rubicon has been crossed, and these United States as the government of our fathers is no more as it was, should and will be again. Every such prediction made by the Democratic Party has been fulfilled, Whilst Every promise made by the Black-Republican Party has been reversed, or unfulfilled. 1st. They promised that if their Northern Sectional Man Lincoln was elected it would bring no war. The Democratic Party always predicted that it would; their promise was broken—our prediction was fulfilled. 2d. They promised after the war Commenced that their object was not the abolition of Slavery. We predicted that it was; their promise was broken, but our prophecy was fulfilled. 3d. They promised after the war had commenced, for the Sake of getting Democratic Soldiers, that their object was not to enforce Negro Equality. We predicted that this was their only aim in Shooting down our Southern Brothers, and for the third time we hit the Mark!!! They promised that the war Should not be prosecuted for the purpose of conquest, and that when

the War was over, the States and people in the South should be restored to their former standing, but, through their graded and de-graded War-forced Reconstruction that can never be. We predicted that the war would be a failure to establish our former Peace, Union, and Prosperity, because the Creator of Sectionalism, Disunion, and War, can not be the Creator also of Peace, Union, and Prosperity. A Positive may create a Negative, but a Negative can not create a Positive any more than the creature can create its Creator.

The only trouble is that in their Revolutionary overturning of the National government, under Sectional rule they have attempted to forcibly exalt the Creature over its own Creator, the Servant over its own Sovereign Master, and the Sectional destroyer of Government over its own National Creator!!! In the North Capital, the creature Servant, has been forcibly exalted as the Master over Labor, its own Creator! In the South the ignorant Slave of yesterday has been forcibly and fraudulently Exalted as the learned Statesman Wise-Law-giver, and State-ly dis-bursing financial Agent of to-day, over his former master!! Our National Law-makers our former servants, chosen to do their Sovereign master's will, have become our Sovereign Granted Masters of the Situation, through the corrupting all-conquering Money, War, and Official power over all the People, from whom only cometh all Sovereign power!! Then in honor to the three distinguishing features of this two-faced, or three-faced, White, Red and Black Republican promising but Repudiating Party, which has used all our National Means to conquer its own Illegitimate war-begotten Sectional Extremes; I have rightly named this the All-promising, but practical Non-performing or Extreme Reversing Sectional Cloven-footed Party which has promised all things to all men, but performed nothing for the general good of this Sovereign laboring patient people!!! They have promised their first golden-financial-blood money of sixteen dollars per month in gold to the poor soldier whom they had hissed on—not called on to follow the brassy-faced, open-mouthed Dogs of war; but repudiated that contract by paying them but eight dollars, or fifty cents on the Dollar of depreciated paper currency which they had received from the loyal bond holding stay-at-home patriots. But promising him for his fifty cents' worth of paid up Patriotism, One Dollar in green-back paper currency for his five-

twenty Currency Bond, and after having paid value received on the first principal in golden interest, then repudiating that contract, on the double principle of the golden rule, and double gold-drawing Interest of Capital; but against the principle and interest of Labor, and without the consent of the people, the second interested party in that contract; then after promising all the gold and silver in the nation and Ten times more to the rich Capitalists, they have promised the abundant residue of silver and gold to the laboring man, but bound him down, Soul, Body and Spirit, with a golden chain, with these dead Bonds, buried in political corruption, and right here they promise to contract their last promissory contract, and cut off or repudiate, the laboring man's legal tender green-back Currency, the only living, moving, circulating Form of the National Debt, and thereby cut off his last hope of Financial Salvation, or of Gold and Silver Redemption!!!

I have been led into this long historical dissertation or elaboration of Sectionalism by the bold Assertion and confidential declaration of this Hoosier Stumped and Buckeye Stumped out; Senator Morton, that the Democratic Party is the Sectional Party. Is this bold bear Assertion True? No! Ten-thousand times No!! The Nature of Man, Science of Government, and Revelations of the Spirit of National Government all answer No!!! Like the generality of Black-Republican-Promises, As-assertions and declarations, the exact reverse of this is true, The Democratic is the only National Party that has built the Immortal Frame Work of its Temple of Liberty, founded on the Rock of Ages, or on the upright heaven pointing Divine Laws of Peace, Love and Virtue, in which Individual, Political and Religious Liberty are the three chief Corner Stones: Whilst the Black-Republican is the only Sectional Party that has built the mortal frame work of its foreign, African, European, and Asiatic Temple of Slavery, founded on fallen Kingdoms, Empires, and false Republics, and based on the downward pointing base Laws of *Force*, FRAUD, and FEAR, or on Sectionalism, Disunion and War!!! One is positive, the other is negative; one is right, but the other is wrong; One is the Creator, whilst the other is the destroyer of government. We must learn to Judge this Black-Republican Party (in this day of Political and Financial Peace Judgment, by the same System), fixed Rules, and Universal Laws, as God Almighty, the Great Fatherly Creator, Savior and Redeemer of the Universe,

Judges all mankind; not by highly gassy explosive words, or cool pre-mature frost-bitten buds of promise, bursting into the undetected Flowers of Eloquence, yielding nothing but the forbidden fruit of the Sectional Apple of discord; but by their Works which do follow them, Their Works of Sectionalism, Disunion, and War. Also by their deeds done in the Body, Individually, Corporate, or Politic, whether of worthy deeds, yielding only Peace, Union, and prosperity; or unworthy deeds, yielding only all the sins of Owe-mission, Com-mission and transmission from Adam, and by their actions which speak louder than words!!!! Then I shall defensively arrest, arraign and convict the Black-Republican Party, on my own responsibility, without the fear of a successful contradiction, and impartial History will so record it; for not only being the first cause of Sectionalism, the first cause of Disunion, and the first Cause of War. But also the first Practical Civil War Party, and all its legislative acts are Civil War Measures, and it is not only the lesser curse of a State's right party, but also the greater curse of a Rebellious Revolutionary Sectional Right Faction; a Party unknown to; (except as a Washington guarded Prophetic Idealty) and at war with the Union, Constitution, and all the National Laws; But also the first Practical Successful State's-Right Nullification Party, which has Ben-Wade in the Stately Balance, and found wanting its Chase-d-Giddings Personal Liberty Bill, Nullifying the National Fugitive Slave Law, and likewise the greater Accidental Sectional Right Nullification Party, which has Nullified, Repudiated and Set at naught the Union, the Constitution and all the National Laws, and have violated the National Government as established by our Democratic Fathers, who have handed it down as a Delegated National Right, Reserved State's Right, and Sovereign Individual Right, Free-Will Peace offering to their obedient Democratic Sons, as the only legal Heirs, rightful Inheritors, and Sovereign *Will*-appointed Administrators of this National Government of our Fathers!!

3. This is likewise the first Practical, Successful and far-reaching, Domestic, Churchly and Stately Secession Party, wherein our Domestic or Patriarchal Abolition or Anti-Slavery Fathers in the North Seceded from their Patriarchal Pro-Slavery Fathers in the South! 2d. Next the Anti-Slavery (More-holy-than-thou) professed Christians, who would not fellowship slavery in the Sectional divided Churches of the North, who seceded from their less Holy

Proscribed Pro-Slavery Brethren in the Southern Churches. 3d. Then these Domestic and Churchly proscriptive Secession Parties in the North united with the Stately Black-Republican Party, which Sectional, Aggressive and 'Offensive, Domestic, Churchly and Stately Anti-Slavery. Secession and Dis-Union War Party Seceded from and declared War against its own ill-begotten, Defensive Pro-Slavery Domestic, Churchly and Stately, Sectional, or Secession and Disunion War Party in the South, which accepted the offered challenge! then came the Tug of War, or the Steam Tug of War, towing our Peaceful Ship of State into rivers of human blood, and finally into the boundless Ocean of Political Corruption, now floundering about at the mercy of angry financial Tidal-Waves, in danger of striking on the Scylla narrow-contracted golden rock of Finance on the one hand, or the expansive Charybdis on the other, now found sailing within the encircling waves of the financial Mal-stroom of Political destruction, without rudder, compass or worthy commander, with a labor-striking crew, demanding Free Trade and Sailor's Rights on land and sea; needing more Heir Inflated Greenback Sails, and a Sovereign change to a Sea-worthy Democratic Commander, who can Successfully guide our Ship of State into the Gold-haven of Peace, Rest and Financial Security!!

" Is the heavy dead-weight Morton answered, in his Sectional Right of way?

In searching for his lost Liberal White, Red and Black Republican Sheep which have gone astray?

Must contending Republican Sectionalism, Disunion and War forever reign?

Or, shall our former National Democratic Peace, Union and Prosperity come again?

Shall Ignorance, Slavery and Sectarian Bigotry forever rule?

In this first Successful Experimental Self-governing lower Common School?

No—No Sectional, Black-Republican pent-up Utica Contracts our Powers;

The whole Free, Unbounded National Democratic Universe, is Ours!!!

If this Sectional Man or Party is not answered, the only way to try, test or prove all these Trinitorial Equations of

Nature is by reversing the Antagonistic, Warring Extremes. Then, how stands the unsolved Problematic Equations of Sectionalism? Is its saving means, or destroying means rather in this case, which is War, equal to to the Sum of its erring and departing unknown Anti-Slavery and well-known Pro-Slavery Extremes, which are War, Political Slavery and Dis-union, or intemperate extremes in all things equal to the Sum of all Villainies of all Political Corruption, under a consolidated government effectually bringing, as now, a Chronic Civil War of Capital over Labor, Political Pestilence and Financial Famine???

The destroying means, which is War, does not justify these Antagonistic Extremes, which are Sectional Official Granted Class-legislated Capital Slavery!! Then between these two Eternal Warring Anti-Slavery and Pro-Slavery Cloven-footed Sectional Extremes, the great National Peace-Creating, Union-Saving and Liberty-Redeeming Democratic Party must come in as the Political Nation-Saving-Mediator!!! If, as this Sen-a-tory-all Mor-ton Man declares, the Democratic is a Sectional party—After preaching Peace and Union to both Warring, Rebellious, Sectional, Confederate Parties—was it the Democratic Party for all that, considered the Sectional Anti-Slavery Party in the North, which declared war against its ill-begotten Pro-Slavery party in the South? Did it conquer the South?? Did it create the greatest National Debt of the World at the Shortest Notice??? Did it create under the Protective Wing of Government, in the Sweet name of Liberty, but under the Masterly Curse of Sectionalism, the greatest Oligarcho-Aristocracy, or Granted One Man Military Despotism Ever Established under Kingdom, Empire or Black-Republic??

If this is not a Pen-Picture of the great National Democratic Party, it is a true Sun-Photographed Picture of the Black-Republican Party, and its name is Sectionalism, and I shall return the Compliment under a golden principle and Silver Specie Circular Interest under the Golden Rule, and say to this Senator Morton Hoosier, *Thou art the Sectional Man*, and thy party is the Sectional Party! But it is a common thing for this All-promising, but practical Non-performing or Extreme-reversing Party (as the saying is), to place the cart before the horse, and in this case to place the As-suming mulish horse, tail-end foremost, before the green Young Wild

Oats and the Dry *over-tour-ing* but over-falling Hay's-Stack!!!

Then we may thank God, the Democratic Party and Peace of the Land (not in quarter Sections under Squatters Rights and homestead laws), that the great Laboring Democratic Body of the Nation is composed of the most Patient, Peaceful and long-suffering or Self-denying people of the World, and that they look with Faith, Hope and Charity to the Silent, Peaceful Ballot Box rather than to the thundering, Explosive, death-dealing Cartridge Box to redress their wrongs, maintain their rights and to re-establish the Faith, Good-will and Prosperity of the Nation!!!

In changing from the National Peace, to the reversing Extreme Sectional War-horn of the Political Di-lemma, let us suppose for the sake of the argument that it had been the Bully, Tory and Yankee-hooking, Sectional, Black-Republican Bull instead of the National, peaceful-laboring, faithful Democratic Ox that had been gored and goaded on to war, under the galling, Bonded Slave-Yoke of the Money Power, War Power and Granted Official Power, or that the Black-Republican had been the National peace party, which under a prosperous Political Reign of seventy years had Established the greatest amount of National peace, union and prosperity that this world ever knew, and that the Democratic had been the Sectional Anti-Slavery party in the North which had divided the Nation into two Sectional, Cloven-footed, Anti-Slavery and Pro-Slavery war factions, and had been the Primary and Secondary First Cause of Sectionalism, Disunion and war, and had virtually declared war against the South—against the Solemn protests. Compromise, Peace-offering and warning brotherly advice to both rebellious warring parties; had created in the shortest time-table known the greatest National debt of the Age, and on the smoldering ruins of ruined laboring Democracy had established the greatest Oligarcho-Aristocracy, or Granted military despotism of the World; had Abolished Slavery, and not only Established Negro-Equality, but African Slave Supremacy in the South under the War Power, Capital-Supremacy in the North under the greater locomotive pressure of the Money Power and National Political Slavery over the whole Nation by forcibly, fraudulently and protectively Exalting Capital, the Master, and humbling labor, the Slave, through the

Granted, Corrupt, Mobilier and Subsidized Official Power of Class-legislated, Partial legislation or Representation, partial taxation and partial protection through the disobedient first-fruits of a Chronic Civil War of Capital over labor,—

The Political Pestilence of Land, Labor and Capital Monopoly; and the Financial Famine of Capital Contraction, Labor Contraction and the final Political Contraction, death and burial of the Black-Republican Party, in their own fast and loose, open and shut grave of Political Corruption!!!

In this Forcible, Fraudulent and Fearful State of Desperation would this National, Church-Stately Black-Republican Party cry out for war and Stately-Church-Canonized Hell Fire and Brimstone Damnation in trying to redress their grievances through the National Exploded means of the thundering Cartridge-box. Or would they, as now, through this (so named) Sectional Democratic Party, patiently abide their time, and patiently wait to redress their grievances through the silent, peaceful Ballot Box??? But enough of Slavery and War! Yet War, Slavery and Intemperance were the Devilish reigning Trinity which first Stormed the Edenic battlements of Heaven in the Ante-diluvian Old World, which was reversingly changed to Intemperance, Slavery and War in the Post-diluvian New World. The first shall be last and the last first. In our late American conflict was found the last Battle-ground and last final meeting of this last reigning, ruling and ruining Trinity, where in Rivers of Brotherly Blood we washed out Sectional, Domestic African Slavery, our last Nation-disturbing element, and with it, War, or two-thirds of our at last conquered ruling Trinity, and now leaving only Intemperance our third, last and greatest enemy, to conquer by Moral Suasion, or by Effective peaceful means—not by War—not through National Political Slavery, which we will soon wipe off of the laboring face of the Nation by the peaceful but Effective Saving Means of the Ballot!!

The Term Intemperance I do not limit in meaning to intoxication by drinking strong intoxicating drink, but also all erring and departing Extremes of Bigotry, Intolerance and unlicensed, aggravating contentions, which tend to separate, divide or disunite the foundations of Society by these destroying Extremes, without providing the means of a Saving Mediator. Hence there is Intem-

perance in Extreme partial Legislation! Intemperance in broken promises, Repudiation or the violation of a contract without the consent of the two contracting, and third interested Party. There is Intemperance in hasty contraction of Capital and Labor, which means National Bank-ruptcy or death and starvation to the laboring producer on the one hand, and financial Expansion on the other unless limited to the demands of trade, which is the labor-saving Mediator!!! The Black-Republican Party is Intemperately divided against itself in the two Extremes of its Tariff Protective System; in the two Extremes of its Financial System, and the two Extremes of the Liberal Republican form, and illiberal despotic form of its administration of government. The Democratic Party are somewhat unadvisedly divided in favor of the Black-Republican forcing plan, and fraudulent Repudiating plan of demanding Specie Payments, not in a National but in an unnatural way and time! But the Democratic Party has been mis-fortunately divided in its Extremely blind Presidential Staggers for the last twelve years between its Executive, Exalted head and lower platform understanding.

1. In 1864 by declaring in their platform that the war was so far a failure yet putting a War General Candidate on that platform!

2. In 1868 by constructing a Systematic, Scientific, Financial, Greenback, Bond-pay-plat-form, looking in the right direction to paying off the National debt, and coming down to the natural Democratic hard pan of Specie payments, yet looking back at a burning Sodom, and becoming thereby an A-Lotted miss-fortunate pillar of salt, and pleading Sodomy or Lottery by going back to the Ashes of a Ruined Sodom to find a See-more, or all-seas over, a hard Bullion-headed man for a candidate to place on that platform, who had been in the bad habit of bowing down to, worshiping and Bellowing for the Golden Calf!!!

3. In 1872 we made the grandest mistake of all, by Selling out the one only great National Democratic Party into Sectionalism. (See my little Book written about that time Entitled "Principle, Policy and Practice," Protest-ing against putting a "Sectional Dead Head over a National living Body," with a Tariff now you see it, and then you don't see it. Cloven-footed Understanding, which little Book, in contra-distinction to John Bishop Hall's little over-halled Book open:—I called mine the "Little Book Shut," which shall soon be opened in this Prophetic Day

of Political, Financial, Peace Judgment.) Yet I want it distinctly understood that after writing that Solemn protest I voted for this peace compromise Father Greeley, and I am ready, willing and anxious, and always have been before and since to give my reasons why I thus voted.

Then let us put an honest, capable and faithful or impartial Jeffersonian Democratic Detective on the track of these Granted Sectional Bands of Licensed Thieves, Incorporated Defalcators and Protected Official Thieves and Government Robbers, and find what Section of the country they favor with their Stolen plunder; Favor with a Sur-feit of Tariff, Capital and Official Protection; Favor with the rich Capital rewards, forcibly filched from other men's hands, and from other Sections of the Country!!!

Sectionalism, as administered under the Government of its Black-Republican Father, means dividing this Nation up into Sectional, Antagonistic Factions:

1. Into one-half Sections, with the Positive North divided against the Erring and Slavery departing South; and also Sub-divided into Quarter-Sections with the Positive West, divided against the Erring War, Capital and Official departing East, where we find the Tariff Official Maine, Massa-choos-its, New Ham-Sheer, Cotton, Wool-Crowned Protective Head, Shoddy-cloaked Body, and booted understanding. The Vermont green-cheesy, Con-nec-tie-cut, wooden clock, upright time-keepers, and wooden Nut-meg man-u-facturers, with New York as the *Head Center* under the rooted and grounded Evil of the Corrupt National Con-tammy-nating MONEY POWER, and Washington City, D. C., U. S., as the HEAD CENTER of the con-solidating War Power: The concentrating Money Power, and of the Financial Contracting Corrupt Mobilized and Subsidized Official Powers of the Seven Stately Heads; whilst the War, Money and Official Power, under Tariff, Capital and Official Protection, through Partial *Legislation*, Representation, Taxation and Protection, are the Ten Bully Tory and Yankee-hooking Horns of the Typical Hydra-headed, Bloody and fiery *red* War Drag-on monster, Sectionalism, which is silently but constantly hooking power through these Political Church-Stately Horns under the *War Power* from the hands of the many, into the hands of the few!! Hooking Capital under the *Money Power* from the hands of the many industrious mechanics, man-u-fact-erring operatives, and agricultural,

loom, plane and plow-holders in the great *Laboring* body of the Nation, and the lower extreme, under-mining, California gold-digging, and Southern hemp, sugar and cotton productive Sectional Cloven-footed understanding, and putting it all into the hands of the few idle, non-productive, non-tax-paying Bond-holders, National Bank-Stockholders and Corrupt Office-holders in this Hooking Head of the Nation, who are compelling us all to bow to and worship the Golden Calf, and pay a three-fold Tribute to these Official War and Money Caesars, who are crying out for millions of Benton's Yellow Boys, and Uncle Sam's Sovereign Supporting Black Boys, for the redemption of their repudiated, war-violated Green-back Baby, but not one cent of Tribute for their peace-violated, Northern Confederate Gray-back-Rag-baby Bantling, and who with hard Bullion-headed wise Democrats, are demanding under a Granted Government of force an immediate return to the second advent of hard money, even if it should (as it must and will) bring hard times, National Bankruptcy and Industrial ruin!!!

3. Hooking all Sovereignty from the hands of a free people, the only Source of Sovereign power in a true Republic, and giving it, without their consent, into the hands of the Granted, Sectional reigning Trinity of the War Power, Money Power and despotic Official Power; and thus virtually not only putting the sword and purse into the same cunning and crafty hand, but also putting the liberties of the whole Nation under the Same Granted man's foot, and by forcibly letting down our National Habeas-Corpus bars, letting this one horse of Sectional Military Power, guided by the fast and loose reign of Military Power over Civil Law, Saddled with the greatest National debt of the World, and mounted by this Granted one man of Military Capital and Official destiny, booted and spurred up with the understanding of Tariff, Capital and Official Protection, to rule, ruin and ride over the prostrated necks of its poor laboring Sovereign people rough shod!!!

This is perhaps the first instance, at least, in the History of great Republics, where a great Nation—No; Thank God! not a Nation—but a great-little, Sectional ruling political party in this Nation has taught by precept and example, under the undue forms of Law, a National System of Grand Larceny, which means swindling on a Grand Scale.

1. Under the injudicious and injudicial head of Tariff Protection, giving a Special License to a Small Class of King Cotton and Wool-Crowning Man-u-facturers, for the Shoddy Cloaked Body, for the paper and wool tile crowning, paper-ruling, fools-capped Head, and Granted raw-hide tanning and booted, half-soled, Sectional Cloven-footed Executive understanding, under the Strong African de-Scented nose of Official Power in the Small Sectional Eastern head of the Nation, giving to this Protected Class the Exclusive right to Larcenate, luxuriate and rusticate at the Expense of all other Industrial Classes, by taking away the equal rights of all other Sections of the Country!! 2. Granted Official stealing called defalcations by government Robbers, or Grand Larceny which means stealing on a Grand Scale!!!

Governor William (not Bill Allen, with a protest) has honestly and be-fittingly given us the insight to but two-thirds of the hideous form and features, the effects and results, leaving out the first cause, or given us a glimpse of the Corrupt, Mobil-ized and Subsidized Legislative body, and the Granted relative Executive understanding, leaving out or off the Injudicial, Injudicious Head of the Sectional, Cloven-footed, Financial War-Dragon Monster, Sectionalism, which in our present want of a decapitated figure Head I can not do better than to liken it to the "*Yrkee*," screeching Bird of Paradise Lost, called the Peacock, which in the most Expansive Season of its fuss and feathers takes pride in turning its head either to the right or left, to admire the Beauty of the widely spread plumage of its green-back and gray-back features, and thereby hangs a long tail. But when comes this cold winter season of our discontent, and this spreading tail must contract, and fall, as fall it must! Then the all-seeing eye of its injudicial, injudicious Head will be turned neither to the right hand nor to the left lest it should discover its own hideous corrupt Body, and Executive Granted, Cloven-foot Spreading three-term Scratching bipedal understanding!!!

Uncle William (*vs.*) U. S. is two-thirds right again on the winning side in saying that this Sectional Party was about to apply for a Charter of Incorporation, to make Government Stealing Legal, Financial De-fal-cation Honorable and Granted Official Swindling Respectable, by this Slavery-Ruling, Peace-Ruining and War-Spoiling Party!!!

Congress as the First over-ruling Cause has granted that Charter of Official Granted Incorporated Defalcationists in three acts:

1. Through its injudicious and injudicial Tariff protective Head, giving the Exclusive right under the head of Tariff Protection for a Small Class of manufacturers to Steal from all other Industrial Classes!

2. Under the Corrupt Mobilized, Subsidized, Capital Protective Class-legislated Body, they have given to the rich Gold Interested Bond-holder and National Bank Stock-holder, and Land Granted Gift Scheme, Ticket-holder the Exclusive right to Steal from Labor the rich productive Capital rewards of its own hands!!

3. Under the Land Granted, Railroad Granted and Official Granted Official Understanding, through partial legislation, Taxation and protection, they are still gently stealing from us all our real estate, personal property and last circulating Green-back, and like a high-flying swarm of Green-back locusts: a Common-school of whaling Gray-back, Psalm-singing and Blood bill-settling and redeeming mosquitoes, or black clouds of Carry-on crowing Buzzards, they are eating up, drinking down and destroying the Substance of All the People!!!

Then let us set the honest, faithful and impartial Jeffersonian Democratic Detectives on the track these government li-censed, Land, Railroad and Capital Granted Thieves of these Protected Bond-holding, Bank Stock-holding and Green-back Rag Baby-holding, Incorporated defalcationists, and these repudiating Bands of Granted Corrupt, Mobilized and Subsidized Official Tribute-exacting, Tax-grinding and Treasury-eating thieves and government robbers, tracking them to their fast and loose midnight orgies, in their rat-ified City Rum-holes, their golden Green-back and Gray-back rings of Faro's tabled-banking Host of Gambling Hells, and the Devil's dens of Prostitution and Intemperance in all the Extreme Nurseries of life and last agonies of death!!! Here, too, may be found the Stealing Crooked Whisky Ring, the Green-back-worming Crooked Tobacco Rings and the Financial worming, not exactly Straight, but hard Bullion-headed, Granted Cuss, Tom Murphy house rings!!!

Then let us enumerate some of the little as well as the great Responsibilities besides the Pa(ma)-turn-ity of the Green-back and Northern Confederate Gray-back Rag Babies! They are the first cause of, and Responsible

for, Hooking out 3,000,000 of their Black-Republican Brothers or Yankee Ham-smoked Slaves from Africa; of Yank-ing them into this country to supply the profitable Slave markets of the South, and then Hooking out of Slavery 4,000,000 of this legalized Slave-chattel property, by a Sectional Civil War, forced on this whole Nation by themselves for this very purpose! Responsible for Sectionalism, Disunion and War, and for their greatest Worldly Elephant of National Debt, raffled for in War and are now quarreling about the best means of getting it off of their hands in Peace!! Responsible for hooking out of circulation, repudiating and banishing all our Democratic gold and silver to a foreign nation, and palming off on the Laboring people their own war-violated, repudiated and disowned Green-back and Gray-back Rag Babies, without any redeeming golden Syr-up-Pap to nourish and to raise them up in the way they should go when they get older!!! Responsible for Repudiating their own National debt in the paid interests of the golden Bond-holder, the third interest person in the National contract, but against the interest and in violation of the Sovereign Rights of the Laboring people, the second interested persons in making that contract, and who must pay that National debt, even under the additional heavy gold bonded yoke of Slavery. Yet they are trying to take away the only living, circulating, redeeming form and feature of this National debt.

Next comes over the Spirit of our financial dreams in answer to a loud and long column Mis-taken Call for the Dirty, ragged retiring Change of *Schurz* for the Black-Republican war violated and Peace contracted, and party repudiated twin, Green-back and Northern Confederate gray-back Rag Babies, who are still pleading before the Bar, and against the strong current of Public Opinion for the Special benefit, by way of limitation for their contracting, repudiating and re-contracting *Rag BABY ACT!!* This foreign article of transported and imported *Schurz* professes not to be the advocate, but rather the third liberal party judge, or dic-ta-tor to both (as he calls them) Extreme, Erring and departing Political Parties, and but for his acknowledgment of his Fatherly turn of hand in the Paternity and Ma-ternity in the whole fraternity of Paper Rag Babies, and the Black-Republican Gold Bond of Protection for the rich bond holder, National Banker and the rich Capital man-u-facturer of Sovereignty in this Great

American Conflict between Capital and Labor, he would not care a Continental red-cent from a Red-Republican which party whips, so that the illiberal Black-Republican Party comes off victorious. Yet this Slippery, Oily-tongued and Light-headed, gassy-brained, Long-winded Black-Republican Stump-Sucker or Liberal Republican Striker and Blower, Blows hot and cold with the same breath, in accounting for the present hard times, for which alone the party in power is responsible. He says by the first warm bated-breath :

“It is all caused by Industrial Enterprise over-leaping itself, or in over production.” And in the next cool line it is caused by the exact opposite, or “A morbid desire to get rich without labor!!!”

He blows hot for the Young Republic of France, which paid its war debt at sight, but he blows both hot and cold in the same breath in trying to find excuses for the Old Republic of the United States in Establishing on the fast and loose foundation of dead Gold Bonds buried in political Corruption, the greatest Oligarcho-Aristocracy or Granted, Masterly, Political Slave Monarchy, ever before known of its age under Kingdom, Empire or Black Republic!!!

This Liberal, Foreign Republican Dictator from Europe, as well as the Black-Republican Dictators in Ohio, insist on pointing out and forcing Democrats into their Extreme forsaken path of an unlimited Inflation or Expansion of an Irredeemable Green-back Paper Currency, whilst they elect for themselves the opposite and ten thousand times more dangerous Extreme of Financial Contraction, which can only take food from the hungry, employment from the laborer, and land, capital and savings from the bread-raiser, tax-payer and all the Industrial producers of Capital!!! Between these two Erring and departing Extremes of Liberal and Illiberal or Radical Sectional Republicanism, the Democratic Party must come in as the great Protective, Financial, Nation-Saving Mediator, saying to the Expanding views of one Extreme, and to the narrow Contracting views of the other : Thus far shalt thou go and no farther. And who must guide the great Financial, Commercial, and now laboring, Ship of State safely through the Hell-gate whirlpool of National destruction, and over the boundless Ocean of Political Corruption, guarding against foundering on this Scylla Rocks of gold-coasted Contraction on the one hand, or stranded on the Charyb-

dis breakers by the unlimited Flood of Financial Expansion on the other; and finally piloting her unto the Gold Haven of eternal peace and rest, where all can again walk the golden-paved streets of our Democratic Stately New Jerusalem! Where all can lay up their treasures above, where wool-moth, or rust, doth not corrupt, and where thieves, gold-gamblers and government robbers do not break in and Steal!!!

But, seriously, this Liberal Dictator or Foreign German Common-tater as well as the more radical, more favored Land-granted, Capital-granted and Official Granted National Gift Scheme, Policy Ticket-holders, all deny the fact that there has been since 1865 a contraction or refunding of one-half or \$750,000,000 of the variegated forms and features of our former Circulating Currency, but that there has been an artful dodging increase until this year, since when there has been a slight fraction of 25,000,000 of a Green-back Contraction!! Wonderful Financial Calculators of interest only for the Money Power, who are sharp enough to think that \$750,000,000 of Green-backs are too large a crop to raise off of Uncle Sam's greatest granging farm of the World! Yet when they come to compare noses with the face of this whole World, they calculate or mis-calculate if there is no financial mis-take in the Count, that this, the greatest, richest and most extensive but sparsely settled Nation of the World does not need more financial Blood Circulating Currency than the Small Bully English, Scotch and Irish Green-back Isle of the Ocean, in comparative size only equal to or less than our second-class Extreme Western California Gold Banking State of the United States which is 3,000 miles from its Extreme Eastern financial Head, or with the somewhat larger and richer Nation of France in the densely populated Old World, but which is smaller than our largest Lone Star State of Texas in the sparsely peopled constellation of our United Stately Solar System of the New World, and which is over 2,000 miles from the Extreme Northern Grain Mart, Northwestern California Gold Mart, and Northeastern Manufacturing, Commercial and Financial Markets of the United States. Even Germany, the gold and silver State of Europe, is smaller in territory than our one great State of Texas. Yet these three great Banking States of Europe, the Chief demand and Supply Money Loan Offices of the World, which to-day hold all our Gold-bonded Foreign debt, having nearly

three times the population, three times the amount of Circulating Currency; but whilst this is to be parceled out over a densely populated territory of about 534,000 Square miles, our one-third of their amount of means, supplying one-third of their amount of population, must be spread over a Sparsely Settled Territory, five times as large as their all three States together, or over 3,603,884 Square miles.

The Currency should be proportioned to the extent of Territory, not the population. We have nearly the same amount of Territory as all Europe. Have we nearly as much Currency?? Then have not our wise or otherwise Statesmen made a Slight mistake in the two-foot pocket-rule of our financial yard-measure in limiting the financial circulating means of these United States, having about the Same extent of Territory as the whole of Europe, with only seven times the number of inhabitants, but perhaps twenty times the amount of living, Circulating Financial Blood to nourish the same-sized mammoth Worldly Creature!

Here the lonely farmer on our own Grand Prairies, the mechanic in his work-shop, or the common laborer on the highway, can not accept or pay out if he had those Bank Checks, Drafts or Bills of Exchange like the merchant, but he must have his Legal-tender Green-back Paper Currency, and enough of this to supply the demands of trade, of Labor, and of Internal Commerce! When did ever any of this class of men receive or demand gold and silver as the only Legal-tender in the payment or cancellation of debts? Even in the most prosperous palmy days under the Golden Rule of the Democratic Party, when nothing but gold and silver was lawfully a Legal-tender in the payment of debts???? These Sectional rulers have repudiated or banished and transported to a foreign nation all our Democratic Legal-tender gold and silver currency. They have repudiated their own currency-redeeming, National debt contract in the golden interests of Capital, but against the Sovereign interests of Labor, the second, but most interested party in that contract, because they are compelled to pay that debt, and now they are raising heaven and earth, and the hard bullion-headed Exalted horn of the Democratic Party, to repudiate the laboring man's Legal-tender Green-back currency, the only living circulating redeeming form and feature of the National debt, and repudiating it again in the Sole and Sold interests of

Capital and against Labor by dethroning or beheading, disembodiment and curtailing the Green-back currency, and Exalting in its place the only reigning, ruling and ruining Northern Confederate Gray-back paper rag Baby, through the Granted National Bank Monopoly, under the reigning Trinity and Golden Scepter of the War Power, Money Power and Granted Nation-corrupting Official Power!!! Or enough Granted Power to raise hell on earth, to dethrone his Sovereign ruling and ruining Satanic Majesty, and to play the very Devil with all mankind for another Adamic Granted fall season. These men have abolished and banished our Democratic System of a gold and silver Legal-tender Currency, and by still transporting our gold and silver to pay the Interest on our Foreign National debt, and the balance of foreign trade against us, they have made it thus forever impossible for this Sectional Ruling Party to come back to the promised hard pan of Specie payments; and now the question is: Shall they abolish our Legal-tender paper currency and run this whole government without any Legal-tender National Reserve fund for the legal payment of our third greatest paper-rag baby of National debt? These men have forced us to answer this Simple Financial question according to Scripture. Certainly there is no man so great a *Fool* as to suppose that we can run this greatest government of the world on an Exclusive Metallic Currency. Then if we *must* have a paper currency, the first question is what is the best form of a paper currency to answer all the demands of trade? There are but three forms ever practically tried by this Nation.

1. The State Bank currency, based on gold and silver, which had some advantages in its Democratic home-rule redeeming features of being based on its Gold and Silver Stately Sub-treasury redeeming form, features, and, like charity, it began at home and staid at home, among its own laboring people, and without (unlike the un-redeeming features of the National Bank-currency) having a determination of Financial Blood, only to the plethoric, apoplectic panicky head of the Nation. Then let us learn that Sympathy is the Great Presidential, Emperor, or Kingly, Crowning Mover on the gold and silver checker-board of the World!!!

Here we find, by comparing Financial noses, with the foreign National face of creation, that when England, France or Germany takes a pinch of golden Snuff out of

their Gold and Silver Banking Snuff-Box, all our Stately or National Banks, based on gold and silver, are taken with a Contracting, Pinching, Panicky, Sneezing!!! This is the case with all Stately and National demand and supply Banks of paper issue, whether based on gold or silver or not. A panic in the Old World will Effectually bring the Contracting, Screwing, Pinching Vice of a Financial, Contracting, Panic in the New World, and the final result will be the oft-told-tale: We will then see these promising Paper Bankers hastily running like scared rats to their banking holes, and suddenly drawing their paper-kiting or ratified gold and silver tails in after them!!!

Now, let us suppose, for example, that we had had no National Bank Currency in the United States, and no currency but the Life, Liberty and Property redeeming Legal Tender Greenback, is it not only possible but very probable that we would have had no Panic in 1873? Notwithstanding that about this time Johnny Bull may have had a little touch of the Financial Epizootic in his English, Scotch and Irish Greenback and Gray-back Horse, Sheep and Cow-pasture, or the French Green-back leap-frog, may have had several internal and external Communitistic and Germanis-tick War-spasms, and Germany, through her Great King, Will-I-am, and her Sovereign, War-hitting Bis-mark, had a heavy touch of its Frank Millionheiry, Bullion-ary and Billion-ary Gold and Silver Financial Panic! Even then Blue-jay Cook would have run his crooked railroad into the ever-green earth, instead of into the Child-like affections of our Paper, Rag Baby, Le-gal-tender, Green-back-financial System!!!

Then, how stands our Posted Financial Ledger of National Life? Neither party proposes to restore our Exploded System of State Bank Finance. Then as we can not serve two Masters, it remains for the Liberal Democrats and Liberal Republicans, on the positive right hand, and the hard, Bullion-headed Democrats and False-hearted Republicans on the left to choose under which Financial Master you will Serve! Whether under the free Sovereign Laboring-Man's Legal-Tender, Green-Back-Currency, Based on all the Gold and Silver in the land, Secured by all the Real-Estate and Personal Property in the Nation, and Backed up by the True Faith and Good-will of all the People?? Or will you choose the Northern Confederate Gray-back Currency, and to serve under the Oligarcho-Aristocratic, Stinking, Codfish, Slippery, hard Slave Mas-

ter of the Money Power, or a Currency based only on Dead-Bonds buried in Political Corruption, for which the laboring Man is taxed to pay the Funeral Expenses until the Resurrection-day, and Redemption of these dead Men's Bones and Bonuses;—Secured only by the Land-Granted Railroad Granted and Capital Granted Ticket holders in this Granted Gift Scheme-Lottery of a Sovereign Nation, where the rich men draw all the Capital Prizes, and the poor, laboring men, who must turn the wheel, draw only the Blank Tickets, except the double fool fledged tax-paying Ticket for the next Annual Drawing ???

Then the Financial Issue is made up. Each Party has chosen its great General leaders; and this year, on the Sacred Soil of Ohio, must be fought the first Stately, Financial Peace Battle at the Ballot Box, and next year, the last National, Great American Conflict between Capital and Labor!! Yet, even now while holding our piece, and reserving our fire, under the Bank-Paper-Wad Shooting Forts of the Enemy, the Financial Issue, even now, is not the most important issue dividing the two Parties, or the four wings of the two Political Armies. Why? Because the best Financial System in the World can not Buy, Establish or Insure an Honorable, Capable and Faithful or Impartial Administration of Government. On the other hand, it may become the Corrupt Means (as now) under the War, Money and Granted Official Power, of Establishing the Greatest Moneyed Aristocracy of all the Earth!! Sectional Protection in its three hideous, labor dwarfing forms of Tariff Protection, Capital Protection and Official Granted Partial Protection, is the Chief, Principle or Unprincipled Ever-green living issue dividing the two Political Parties, and this Financial Gift Scheme, or Capital Protection, is only one of the three hemp-stretching ropes, at the end of each of which is found a Labor-decapitating Black-Republican *Headsman* or Granted Gift-Scheme Dead-head, and he that will enlist in this Sovereign Army of Laboring Patriots, must expect to meet and conquer with raw recruits these three great, powerful and well trained Generals of the Black-Republican Army!!! Money—No, not Money, not Greenbacks, Gold or Silver, but the fast and loose abuse and intemperate use of Money is the root of all Evil!!!

These men have first made a loose, expansive abuse, and now a fast contracting abuse, and are still, as they heretofore have been, making an intemperate use of Money in

buying the Sovereign floating vote of the People, with the same out-spoken boldness as they would buy sheep, hogs, or cattle in the market, and these many, Unprincipled, Purchasable Men, like the innocent lamb led to the slaughter, are ready to lick the Butcher's hand, raised to shed their Sovereign Blood!! But without Some Sacrifice of the Innocents, or without the Shedding of blood, there can be no Remission of Sins. Then between these two Sectional, intemperate extremes of loose Financial Expansion on the one hand and fast contraction on the other, the Great National Democratic Party must come in as the Nation-Saving Mediator: Christ, the Savior of the World, even when with his own chosen twelve apostles, was surrounded by a doubting Thomas; a denying, Cursing, Cock-crow-ching Peter, and a Financial Kiss-betraying Judas, who sold his Lord and Master for thirty pieces of Silver—and now this National Democratic, Life, Liberty and Property Protector, and Financial Savior of the Nation, when being tried before Pilot's Bar of Public Opinion, the greatest Advocate, Judge, and Law-giver of the World, is surrounded by its Democratic hard, Bullion-headed, Doubting *Thom-ases*; its Liberal Republican, denying, cursing and third-hour cock-crowing Peters, and its Black-Republican Financial Betraying Jewd-asses who have sold us out to a foreign nation for thirty pieces of Silver or a few golden Eagles, the last high-flying Emblem of American Liberty, and are about to fall on their own blood-stained Sword and be buried in their own potter's field of Political Corruption—purchased by the blood-money of Slaughtered Innocents, and thus fulfilling the Prophecy of Scripture, which declares that "He that taketh the sword shall perish by the sword, and he that leadeth to captivity shall be led into captivity." These Political Bel-shazzers have seen the handwriting on the White-Washington-Capital wall of "Mene, Mene, Tekel, Upharsin," and have learned Daniel's interpretation thereof—of "MENE, *mene*." Thy Sectional-Granted, Cloven-footed Kingdom, "TEKEL," shall be taken from thee—"UPHARSIN PERES," and be given to thy free Will Democratic Partner as the only legal Heir, rightful Inheritor and Sovereign free-will Administrator of this Government of our Democratic Fathers! According to the old law, there is, or should be, honor even among thieves. These Tribunal, Westward marching Liberal Republicans of the Greeley stripe in 1872 declared they had stole in, and

Stolen out of their Brotherly band of Black-Republican thieves, Incorporated Defalcators and Government Robbers, yet who considered themselves too honest, good and pure to join the Democratic Party, but who have since proved themselves not too pure to ply their old vocation by Stealing Democratic Principles of Free Trade, Policies of a Tariff for Revenue and Practices in opposition to all Granted Monopolies; and under this Cloak of Livery to serve the Devil of Sectionalism again for another quadrennial Granted Reigning Season. But the Democratic Party have an old-fashioned way of judging men by the company they keep—Birds of a Feather flock together.

They have stolen our principles, our money, but they can not steal our good name, and which only can bring National Peace, Union and Prosperity!! The Mo-hammed of Sectionalism must come to the Mountain of Democracy. The Mountain of Democracy can not be moved!! What is all this Financial fuss about? Why did not these men cry out against the Democratic National Green-back Platform in 1868? Supposing that we had then and there nominated and elected George H. Pendleton, which we might, could and should have done? By this Day of Grace we would have paid off two-thirds of the National debt, been traveling in the Democratic, well-known gold-beaten track of Specie payments, to our former Edenic State of Peace, Union and National Prosperity: whereas we are still in a straitened, doleful State of Desperation, Financial Judgment and black Despair. Now these bully men are bellowing around for "*Honest Money!*" Who made it so? "FOR HONEST GOVERNMENT!" This is what we all want; but none will find it under a Republican Administration!! "For Civil Service Reform!" Yet Grant has done more to deform the Civil Service than all Political Executives Since the fall of the First man Adams!!! For want of faith and confidence in the GOVERNMENT—it is rather a want or lack of Faith in the Republican Party, and confidence in their Land, Railroad and Capital Granted, National Gift Lottery!!!

"And to establish the National faith therein." What right have they to delegate away that delegated right to an incorporated Monopoly of National Bankers to enslave the Nation under the masterly handle of the Money Power???

If Congress has no right to issue paper money, or this representative, or Substitute for gold and silver, which all civilized Nations must have? No right to determine

the Legal-tender value thereof, and Establish the National Faith therein? What right have they to delegate away that Sovereign delegated right to an incorporated monopoly of National Bankers, to enslave the Nation under the Masterly handle of the Money Power???

What right have they to license these gold gamblers, Stock-Brokers, coupon-clippers, treasury eaters, whaling Money Sharks, Green-back legal tender rag Baby Jumpers, and Northern Confederate, paper-rag Baby Sharpers, who have Ben-Wade in the cod-fish scales of Aristocracy, and have been found wanting the balance of War, Money and Official Power, to play fast and loose with the National Finances through their false promissory reversing demand and supply system, regulating the usurious ripe golden interest at their own good will and pleasure; not according to the demands of trade, but according to the demands of the over-done Financial Blue-Jay-Cookes, Bully-hooking McCul-locks and Yankee-hooking Shylocks of the money power at war with Labor, by suddenly inflating their paper-rag-Body, when their Blue Jay high-flying chief cooks, and champaign or camp-pain Bottle-washers want to water their cool crooked Is-o-thermal Running Railroad Stock, but suddenly drawing in their Northern Confederate gray-back paper tail when as now there is a chance not to Bull-up, but to Bear-down on Sectional Political Slavery, National Bank-ruptcy, and industrial ruin!!! By promising to pay their notes in gold when gold is not demanded, but practically through their Granted confidential gift scheme lottery, paying their confidential duped ticket-holders in blank-drawn Panick-Tickets when gold is demanded of these promissory National Banking Financial Lottery dealers!!! Let us look a little into the Political Definition: 1st of the Prefix of the green-back-paper-head; 2d to the Ter-mi-nation of the Gray-back paper Tail; and 3d to the primary golden root of all evil of the Black-Republican Inflated Word, "*Honesty*," as applied to honest Money, honest Government, Honest payment of the National debt!! Honest Money for-sooth!!

Who made this dishonest Money? Who was it that repudiated or stole honestly and banished to a foreign country all our honest Democratic gold and silver money, and clan-destinely substituted their legit-i-mate but misfortunate elder twin legal-tender rag-baby, and now have the imp-u-dunce to deny the pa-ternity of their repudiated and disowned bantling by calling it dishonest money?

But say they let us have "Honest Government," Granted—this is what we all want, but none can have under a profligate Black-Republican Administration of government? Then let us meet this question with a change of Heart and have an Honest, Capable, Faithful or impartial Democratic Administration of government! 1. Is it honest to promise to pay one dollar of the National debt for each fifty cent value received of the bond-holder, even in greenbacks, when appreciated to near the value of the gold dollar? 2. Is it more honorable after over-paying that first principal in golden Interest and then repudiating that bonded debt made by their own contract payable in legal tender green-back currency, according to the typical backing and face of each note, to a re-funded gold-bond-debt in the paid, sole and sold interests of the money Power; but against the interests and sovereign rights of the laboring man? the second contracting party in that original National bargain and Sectional Political sale? But without their consent or the consent of the governed in the second change of base?? Yet are they depending on these free-grounded, bread-raisers of the bread of life! On these industrial producers of capital! On these manufacturers of National wealth to pay that National debt!!! They have first repudiated and banished or driven out of circulation our former Democratic specie circulating medium gold and silver! Second, they have repudiated their own original National debt contract; and now, in the third place, they have repudiated the faithful green-back, the laboring-man's currency, the only living, circulating, redeeming form and feature of the National debt which they propose to change from live Capital to dead bonds, and thereby cut off the laboring man's means of paying that debt by forcing him to pay the debt of nature!!!

Is it honest, more honest, or most honorable for these men to promise to pay Twenty dollars of their own bonded narrow contracted paper debt with *one* Dollar of India-rubber expansive honest Democratic gold and silver? As this is the proportion of *honest* money on hand or can have without making more bonded debts; and thus through over-reaching for specie payments or honest money even at the well-known expense of thereby bringing Hard Times, National Bankruptcy and Industrial Ruin!!!

Then what is all this National fuss about? Was any Abel-bodied man hurt during four years of War?? Or did

not War weaken, demoralize and wound every man through the Divine telegraphic chord of Love which binds man to man, section to section, party to party, or man, the creature, to God, his Divine Creator?? Are all sovereign free men benefited by Partial Legislation, taxation and Protection? Or is not this the extreme means and destroying end of establishing the most hideous form and feature of National Political Slavery the world has ever seen under kingdom, empire or false Republic??? Does Tariff, Capital and Official Protection Grantedly Protect the Laboring man? Or does it not rather take all protection from Labor and pile this extra surplus surfeit of Protection on the broad shoulders of the Livery Coated Capitalist? In other words, is not this a scientific method of Protecting Capital by skinning Labor, and through this meanest of Worldly means, Practically crowning capital the exalted Master by fettering Labor the humbled slave??? Does the Republican Policy of Contraction mean not only Financial Contraction, but also the Contraction of the Bonds of Labor, and likewise a contraction of the Sovereign-bounds of the Black-Republican Party; or, in over-reaching for hard currency, does it not rather mean a contraction for harder times, National Bankruptcy and Industrial Ruin???

Tariff Protection grants a special License to one small class, the Manufacturer, in the Small Yankee-hooking Head of the Nation to skin, swindle and hook from all other industrial classes! Now this year, with the same right, another Sectional Class, the Mechanics, might come in and demand their right to special Protection by saying to these Law Makers, you have protected the manufacturing class long enough to make them rich, now take Protection away from them and grant us the coveted Prize! Next year the Farmer, as a third, not sectional, but general class, with a better grace, might also come in and demand their Granted National right to protection after serving equally in turn the Manufacturer and Mechanic!! But, thank God, this large granging arranging industrial class which raises the bread of Life for all, raises food and protective clothing for all, and must raise the means of paying the National debt. yet they do not ask for special Protection! This is not only the general Bread raiser and tax-payer, but also the granging Savior of the Nation, who in the Centennial Independence year of Jubilee must

lead this government back into the Old Union Wagon road of the Original Farmers' Republic!!!

Under the same Yankee-hooking capital Protective Head of the Nation the great laboring western Body has demanded enough capital to meet the demands of trade! But our capital Masters say No, you can not have it; but that we must come back peaceably if we will, forcibly if we must, to the hard pan of specie payments, not by promoting the Interests of the people by destroying them!!! Like the good Physician I have examined Politically, Pathologically and Physiologically the unhealthy condition of the feverish abounding *Pulse!* The consumptive contracted SKIN of the constitutional pure, but now palpitating HEART of the great National Body Politic! I think I understand the disease and shall apply the remedy. The whole Yankee Hooking Tariff capital and official Protective HEAD is *sick*, the purifying laboring Heart of the great National Body is FAINT with a cool war-trembling, Ague-Shaky Executive UNDERSTANDING, and with a pre-determination of Financial Blood to thee Plethoric, Apoplectic, Panicky Head of the Nation, and Typically, figuratively and mechanically speaking there is a screw loose somewhere about this Yankee-hooking Head. The old sectional *Wedge* which first divided this Nation into two sectional parts is still playing fast and loose, as first drove by a long handled hard curly Notty-Negro-headed Maul in the hands of the first Abel would-be-chopper and rail-splitter of the Nation, and the National Account balancing Lever has (for a short time and season only) fallen off of the old Democratic Fulcrum. Hence the Political Fits which do not fit the Sovereign patient or laboring people! Hence the Humbug Quacks of the Inductive, deductive and dead-ductive School who can not doctor constitutionally the laboring National Body Politic! If we do not like the aggravating or disturbing effects of Disunion, or the damning Results of the War, let us remove the primary aggravating first cause, which is Sectionalism; then restore the Old Democratic party to Power, and the grand result will be, in the future as in the past, in establishing the greatest amount of National Peace, Union and prosperity this World ever saw; greater than Black-Republicanism can ever give or Sectionalism again take away!! The Democratic Party, then, is our National Physician or Good Samaritan who found us by the wayside stripped and wounded by thieves and protective Bands of Govern-

ment robbers, but is ever ready to apply the Sovereign remedy, viz: A liberal dose of compound emetic and cathartic Butternut Physic, taken from the inner bark of the Body of the Tree of Life, Liberty and Knowledge, scraped both ways downward to the lowest roots and upward to the highest, prolific fruitful branches, given in Allopathic, Eclectic and Homeopathic doses.

1st. In Allopathic purgative doses to cleanse out the Augean Stable of this unstable government.

2d. In Homeopathic doses as a Sovereign Tonic on the principle that the Hair of the black African Dog should cure the howling war bite.

3d. In Eclectic doses as the select vegetable granging saving medicine between the feverish, extreme of financial expansion on the one hand, or the cool Ague Shaky, extreme of collapsing contraction on the other!!!

Unlike the Church-Stately Politician, let us cease to whip the Devil around the stump, but whip up root and branch, Devil stump-whipping post and all! Unlike the Orthodox Devil, let us cease fighting the Devil with fire, for this is his native element, but let us flood him out with a mill-dam of water! Then let these men boast of their bloody war Record of Sectionalism. I had rather glory in the war, peace and government record of the great National Democratic Party which in Peace and in war, in prosperity and adversity, through the evolution as well as the revolution of government, is now, always was and always will be the only poor man's friend, the laboring man's advocate and the equalizing life, Liberty and prosperity distributor of God's good gifts to men!!!

ADDENDA—APPEAL OR SECOND EDITION.

Awake! Arise and Shake off your Black-Republican African and Asiatic Adamic fallen Dust. O Ye Laboring men of this Nation! Awake snakes! Ye Venomous Black-Snakes, Copper-heads, and innocent Garter-Snakes, and come to Judgment!

Arise, ye Freeman! if not bound down to mother Earth by the golden Chain of Financial Contraction, and answer the all-important question! Are we not all Free Men? Or, are we not all Slaves, bound down under the galling Bonded Slave Yoke of National Political Slavery, under the Masterly ruling Trinity of the War power, Money

power, and Granted Corrupt, Mobilized and Subsidized Official power, and still compelled under the Slave laws of *Force*, FRAUD and FEAR to bow down to and worship the Barbarous Sav-age and Heathen Trinity—The God of Mammon, of Slavery, and of War!!!

Stand up, Ye boasted Native American World's Champions of Free Speech, Free PRESS, and Free *Conscience*, and declare the whole truth, which only can make you Free? Are these Fair Freedom Natural inherited rights proclaimed Equally free for all Men. Or, are they held in reserve only as the Granted Boon or growling dog-on bone of Contention, rather for the great oily, Slippery tongued, or gassy Explosive Humbug? The Political The-o-logical and Scientific Novel writers, and the Sectional Cloven-footed Conscience Worshipers of War, Slavery, and all the intemperate intoxicating Extremes of the World!!! I have been humbly, devotedly, but vainly begging for the past three years, the Law, the Gospel, and the Mammon-worshipping profits to grant me these rights to Free Speech, in a Free Lecture room to free men!! But I have been snubbed and denied all these sacred rights, and treated by all with silent contempt!!! Is this unseemly course considered *right*? Is this equal and exact justice to all MEN?? Is this considered honorable treatment among honorable men??? What have I done? What have I not done?? Or what sins of Owe-Mission, Com-Mission and transmission, have I committed to forfeit all of these common acknowledged Liberty-born, Native American-born, and Heaven-born Rights??? To use a homely figure of Speech in this great incoming peace battle of life, of the great Codfish Aristocracy over the little laboring Sweating Mud Cats, found floundering, but always swimming around at the bottom of this great Pacific Spiritual ocean of the atmosphere, I shall always be found with what are vulgarly called the mud-sills of Society, or in advocating the cause of the poor against the rich, the weak against the strong, and the Cause of Labor, the Masterly Creator of Capital, and the Creature Servant under—not the Master over its own Creator!!! Then let us inquire, in the brighter light of Science, how Stands the National or Sectional Government of the Greatest Republic of this World??? Are we under a National Democracy? or a government of the people, by the people, for the People?? Or, are we under a Sectional Oligarcho-Aristocracy? or a government of the Office-holders, by

the Office-holders, for the Office-holders, Bond-holders, and National Bank-Stock-holders of the government?? Here the first Principal and interesting question is: Do these Office-holders own the government, or the government own, honestly own, the Office-holders? Or can the Bond-Slave-holder come in, with a Superior gold Claim to own, Spoil and to yoke in, the whole Black-Republican government—all its Office-holders and all Sectional Sovereign Supporting people???

2d. Interest-ing Financial Question: Did the Black-Republican Party Make the green-back; did the green-back make the Republi-can Party, or shall both be dishonored as the Fatherly Creator, rag-baby destroyer, and Sacrificial redeemer of Each other???

3d. The Allen-Cary, Pendleton-Ewing, Ranney-Thurman, is the Chief Ohio, Gubernatorial, Presidential, or Executive six-horse steam drawing National and Stately question?? And the Green-back gold and silver, redeeming Financial Answer is the Fine-ale!!! In this Prophetic Day of Political and Financial Peace Judgment, must the Black-Republican Party Swallow down the Green-back? The Green-back Swallow up the Republicans? or shall each Swallow down, and Swallow up each, in trying to redeem each other?? Then shall not the great National Democratic Party adopt this Sectional War-Violated Repudiated and abandoned Black-Republican Green-back-Rag-Baby as the only living, circulating Form, and redeeming Feature of the National debt; and raise him up, under the golden rule, in the way he should go, and make a peaceful gentle-man out of this rising genius, by learning him to walk Straight the Green-back Financial Stage Plank, thrown out to the Sinking Ship of State, in the O!-hi-owe Democratic Platf rm according to the demands of trade—not running off into unlimited fields of Expansion on the right hand, or slipping off into the Black-Re-publi-can mire of contraction, over the left shoulder of the leaving left hand! Then in the near incoming Honest, Capable, Faithful, and Impartial Democratic Administration of government under the Materialized, Physical and Metaphysical Free-trade, or Revenue-Tariff, Judicious, and Judicial Head of Government! The Intermediate-Saving Legislative Body, and Executive Redeeming understanding of the whole National Body Politic; we shall take this former abandoned Repudiated and War-violated, ragged-rag-Baby, still hanging on to the Sectional War disfigured rag-

ged edge of the fast and loose garments of the Black Republican Party, who have refused it any further Papp-support, or re-dress, and make it in the future the Green-back-gold and silver-Bond-holding National-Banking great Fiscal Financial Agent of these United States, and under the Granging, arranging, and re-arranging executive understanding of Uncle William, Uncle George, and Cousin Tom, when this Expansive (not inflated) but growing rag-Baby is raised to the full stature of a man, under our next general Peace President, under the general Government, and under-general Prosperity.—But not under your general Sectional Land Grants, General Capital Grants, and General War Grants,—then we will put gold and silver in his pockets and appoint him, the Financial Savior, Currency Redeemer, and the Equalizing Protector, as the General, Fiscal Agent, Financial demand, and Supply regulator, and the General Business Contractor, in managing all the industrial, Commercial and Scientific, as well as the Mechanical Manufacturing and agricultural Interests of Uncle Sam's Farm!! But right here these Soft-Soaping So-phistical, E-goat-is-tical, and protective Ironical Black-Republicans tell us that the people have lost all faith in the Green-back as the Honorable representative of the Almighty dollar! Whilst the trouble is the Dear people have lost all faith in the corrupt policies, repudiating practices, and false promises of the Republican Party. They have lost all faith in the Sectional administration of a selfish, class-legislated, partial government run in the sole, if not the sold-interests of the Money Power!! The people have lost all faith in a party that promises one thing, but performs the exact opposite. Which has promised to protect Labor, but instead has taken all protection away from Labor, and has given a double, yea, a triple protection to Capital; which has promised to unite, but rather has divided the Nation into four Warring antagonistic factions, all still crying for quarter!!! The North is divided against the South, and the East against the West!! They have promised us all Equality before the Law, whilst the fact is they have forced on us Sectional Extremes, not only before but behind, above, below, to the right hand, and to the left, and Sectional Extremes of Partial-Legislation, taxation, and Protection, is the general rule, and Equality is the dis-honored exception all around the Law!!! But these party hacks and hack-drivers, slaves and slave-drivers, tell us that their wise or other-wise Law-makers,

in their Congress Halls, Financial-halls, and Rail-Road Stock watering-halls of Legislation, have limited the Financial Green-back Circulating Currency to \$400,000,000, and have put it beyond the power of any other Simple party to go one dollar beyond that limit, without subjecting themselves to be called Repudiators as seen through the Granted official gold spectacles, and double principle, and gold interest magnifying glasses of the great Bond-holder, National Banker, and Protected Shoddy Manufacturers, who own the Black-Republican Party, and run it in their own interests, even when by this ruling they know they are ruining the Nation!!! Has this Sectional Party usurped all the Sovereign power of the Nation for all time to come, or claiming at most not more than one-half of the Sovereignty of the Nation. Could not this Sectional party be purse-waded to compromise on one-half, and allow the great National Democratic Party to add their half, or \$400,000,000 more to the Greenback financial National Supporting column if called for, and needed to supply the demands of trade, and support the laboring life of the Nation, by untiring and re-tiring the Northern Confederate gray-back, and attiring it in a National Suited, Dolly Varden green-back-dress??? But, says this Sectional party, this base act would be another violation of the National Faith; or, in other words, a violation of faith in the general government. This comes from confound-ing and nursing up the Republican party, in the government measure, or by calling the Sectional Representative factor and faction, the government itself! Then when we lose faith in the Republican Party, according to this ruling, we lose faith in the government. And when a Democrat or liberal Republican opposes this party on the Stump, they oppose the government!!!

As I have said before, the Stately Democracy of Ohio have a tough Black-Republican Crow to pick with the would-be, Sectional leading hard-Bullion-headed Democrats of New York, who are working in full sympathy in Sectional Black-Republican harness under the heavy gold-bonded, Slave-yoke of the Domestic and foreign money power—governed by the green-eyed Monster Jealousy of the HEAD; Fiery and bloody red war-envy of the HEART!! And *Black*, cloven-footed Hypocrisy of the understanding, for spitting their financial, Corrupt, black-buzzard, Slang-whanging spite at the Hon. Wm. Allen, the laboring man's chosen Standard *Bearer*, in our late Ohio Stately

conflict between Capital and Labor, and who has proved himself the noblest Roman of them all, the modern grang-ing Cincinnatus of the New World, and the greatest Living Statesman of the Age, by calling him "Old Bill Allen," "The Rag-Baby Can-did-ate for Governor in Ohio." The ever-green-over-topped Pine Tree State. Ark-an-Saw traveler into our western Wilderness, or into our green-back-Buck-eye-woods, in early days and late; and represented as declaring that forced Specie resumption at this time of great Ignorance (which God kindly winked at) as a "D—d barren Ideality," and which has so proved if not a barren, at least an unproductive "Ideality," with the laboring man, and productive only of more misery under the gold-bonded magic Wand of the money power, and like the foreign bar-ron *Ideal* Black-Republican golden fig-tree, which bears no Native American fruit, or produces only evil fruits, it must be hewn down and cast into the Fire. Then if these golden pound pippin Apple Head, pump-kin head, or vegetating cabbaged Head of the Eastern Democracy, propose to become a Parasite, or branching limb of that Adamic fallen tree of Life, Liberty and Knowledge they must expect to fall with its pa-turn-all Black-Republican Body!!! These wise men in the East, who have just discovered the Westward rising Star of Empire, need not think that the laboring man, in this great Labor Saving Body of the Nation, is so green, because he advocates a green-back Currency, that he will not work for his own interest when the final hour of conflict comes, against the Land Granted, Rail-Road Granted and capital Granted Monopoly in the Tariff Capital and Official Protective Head of the Nation, under the general con-tamey-nating, corrupt money Power!!!

We have suffered this Yankee hooking head for the last fifteen years to Steal money, Protection and Sovereign power from this patient unprotected Laboring Body and Southern productive understanding of the Nation. We have allowed these three wise men from New York, including one Jersey Blue-coat to dictate to, and defeat us three times too often now in the past twelve years, as I have shown in my First Little Book, by constructing a Positive unequivocal Democratic Platform, and then putting a Negative Equivocal dead-head-man on; to run directly off of that platform in an opposite Extreme forbidden by-way!!! New York has had the honor, or dishonor, of dictating the last three defeated Democratic Presiden-

tial Candidates, with one Successful two-footed Van-Buren Candidate Some years ago. But when was ever Ohio honored with a Democratic Candidate for President, although the third State in the Union, and full and flopping over on each Side with living, laboring, and Rising Statesmen. Yet once, only, one of our Cincinnati-like rising Young Statesmen has been unceremoniously pushed off of our first National green-back-Platform, and savagely butchered in an Eastern Conventional Slaughter-house, and laid on the dry-house Scalping Shelf with the outstanding promise of being called for next in turn, but they have repudiated that promise by a may-be, or June-bug high-flying Cincinnati Political pork-packing whole-hog Slaughter-house convention, crucifying on the Democratic and Liberal-Republican Cross, a New York Tribunal Philosopher, by trying to force a Sectional dead-head over a National living body, with a Tariff now you see it, and now you don't, cloven-footed plat-form Understanding. Now the laboring men in this great Stately Ohio-Body of the Nation have their eye on a Free-Will Man, whom they think would fill the Bill, and might, could, and should be the next Democratic Presidential Ohio Granging, arranging, and pre-arranging Candidate, and next President of these United States. Then we should have a financial Peace offering from this hard bullion headed, and stiff-necked Democratic New York Head! This world is full of compromises. Christ was the peace offering, compromising Saving Mediator between God and man. This World is full of Extremes, and the Main question is Shall we choose a saving or destroying Mediator between these Extremes??? Here we have at last the New York Paragraphic financial compromise peace offering, dated New York, October 16, 1875, and Headed: Fire Under the Smoke!!! In the New York *Graphic*, which before the Ohio Election was rabid for a gold and silver contracted Short-hand Steno-Graphic Currency—comes out now in a fair compromise on a Photo-Graphic paper Currency, which it says: "Must be had; but it must be bottomed on gold and silver, and interchangeable with them at par, or it will be a curse to the Country. But that currency ought to be issued directly by the *Government*, in its own name, and for the benefit of the people, and not through a privileged monopoly for the special benefit of a small number of Capitalists at the people's Expense!!!" Exactly; that is what the Democrats in Ohio fought for; they are per-

fectly satisfied with this compromise! Nothing more, and surely nothing less, can be accomplished by the green-back in Democratic hands! Both parties are in favor of the resumption of Specie payments; One Positively, by holding to enough currency to supply the demands of trade; the other Negatively contracting that currency, without regard to the wants of trade! One is in favor of coming down naturally and permanently to Specie payments, and staying there when down, by promoting the interest of the people. The other by forcing Specie payments by destroying the Interests of the people! One is in favor of Equal legislation, representation, taxation, and protection, or Equal rights for all, Special privileges to none. The other is in favor of Partial Legislation, Representation, taxation, and protection; or special class-legislated privileges, to special classes, party favorites, and to favored Sections of the Country! Then there is not so much danger to the fast and loose abuse of our contractive and expansive Financial System, as in the Republican Policy of Protection in its three forms, or Black Serpent, Anaconda Encircling death folds of Tariff, Capital and Granted unbounded Nation-Corrupting Official Protection! Then I had rather trust the most bungling Democratic Political Carpenter, on the Positive Peace Creating Union Saving and Liberty Redeeming Principles, Policies, and practices of Equal Protection to all men, to all parties, and to all sections of our common country, under an Honest, Capable, and faithful or impartial Democratic Administration of the government, than to trust the most learned and accomplished Black-Republican Statesman (even if he should happen to be honest) standing on the Negative Dis-union Creating, Slavery-Exchanging, and War-destroying, Sectional Principles, Policies, and Practices of Partial Legislation, Representation, Taxation and Protection, under a Black-Republican Administration of government, dividing the North against the South, the East against the West in a Chronic Civil War of capital over labor. The Political Pestilence of Land, Labor, and Capital Monopoly, and a Financial Famine Caused by the reigning, ruling, and ruining Trinity of the Nation-Spoiling War, Money, and Official power; all working in Concord, Unison, and harmony in forcibly exalting and crowning Capital the Master, at the Nation's expense of Fettering and humbling Labor, the Subjective Pauper Slave! This humble laboring man has but one Sovereign right left, and that is the

right of Peaceful revolution at the Ballot Box. Will he manfully fight for that right next year in this last American conflict between Capital and Labor? Or will he, can he, choose to live bowed down under the heavy gold-bonded growing yoke of Political Slavery four long years longer??? I anticipate that through the Sophistical, Egotistical, Ironical dodging Stock in trade of this Soft Soaping party. They will be ready to swear by Lincoln the First, Johnson the Second, and Grant the Third, that instead of trying to Unite the Democratic Party, is trying to divide Section against Section; but we call on the honest laboring man to witness that we have cornered them in all their tricks, and are only telling what they have evidently already accomplished. 2d. They will accuse us of arraying the laboring man against his Capital Employer? Does not the laboring man know that he is already compelled to (not fight) but contend for his natural rights? to Life, Liberty, and the pursuit of happiness!!! Yet it is common for Sectional Political Stumpers to tell the laboring man that we have the most prosperous times, with plenty of money and employment than was ever before known under this government! Is this the Truth? or is it not a standing lie-hitting insult to every Laboring Man in the Nation??? Let the laboring man look to his own interest, help the party that is fighting for equal rights at the Ballot Box, and he shall soon again reap the rich rewards earned by his own hands!

ADDENDA, OR THIRD EDITION.

I had finished and obtained the copy-right of this "Little Book" before the Ohio October Election, and had placed one-third of the Manuscript Copy in the hands of the publisher three months before, awaiting the little all-promising, but practical Scarcity of Capital Means to insure its publication!!!

I have so stated in the body of this Book that this Election in Ohio would be the first Statelty Conflict, and that next year we must be prepared to meet the last great National American Conflict between Capital and Labor!!

Now since the Smoke of battle has blown away, Let us survey the Battle ground and see by whom the victory was won or who our great Masterly Conquerors are!! 1st. In the country districts where the inquiring rural roosters

crow and where Labor recruited honest volunteers for the great National Democratic Army, Here our Peace General Will-I-am Allen Man gained faithful life volunteers every-where, but in the corrupt cities, under the National Banking rag-Baby crying nose, Bond-holding squealing open mouth, and whole hog capital butchering greenback tail and all of the Money power. In her whisky, dead-shot, Beer-buried Rum-holes, her gold and silvered-over Faro's tabled host of gambling-Hells, and Devils darkened dens of Prostitution, and all intemperate extremes, where men sell sovereignty on a *pint* of *beer* and cut off their Red and Black Republican nose to spite their White Republican face. Here the money power gained its Capital National Bank Victory over Labor, and Labor is again sold out and conquered by the Money Power, War Power and Granted official power, under more National heavy gold bonds of the Political foreign-yoke of Slavery; or, in other words, Capital, the Creature Servant of Labor, has again become the Sovereign Master and conqueror over its own Creator! Labor is fighting for its peaceful, Individual, Stately and National rights to Life, Liberty and property! For more money, more employment and more protection!!! For equal Legislation, Representation and taxation!!! Labor is the only bread-raiser, clothier and producer of capital! Labor must shoulder the heavy gold-bonded debt and pay not only its own, but also the rich bond-holders taxes, extortionary gold Interest, and finally must pay that National debt!! Should we then grudgingly and penuriously deny it all Capital Financial Saving means to pay that Tax, Interest and debt, and at the same time march with it in the well-known, fire-tried Democratic gold beaten path to specie payments???

Labor has been whipped in this first Political Skirmish or Stately Conflict, but not conquered! Next year in this last great National American Conflict between Capital and Labor, Under the Star Spangled Banner of Free-trade or Tariff for revenue only, more Money to meet the demands of Trade, not by forcing, but by fostering specie payments; not by destroying, but by promoting the interests of the People; more Employment to meet the demands of Labor and more protection or Equal Protection for all. Labor thus equipped and led on by a William Tell Democratic peace General who refuses to bow down to Gesler's Military Cap, or to worship the golden Calf; but armed with a low promise, aimed with a quiver of Hope, guided by the hand

of Faith, cleaving to the Heart's core, the 'Sectional Apple of Discord now resting on the devoted Head of these patient laboring Sons of Liberty, they should, must and will come off Conquerors and more than Conquerors over the hard bullion-bellowing, golden Pippin Head of the general con-tammy-nating World, the Common-School-Church-Stately exalted Proud FLESH and the Granted White, Red and Black Republican three-faced-forked-tongued Black-Snake in the green-back-grass on Eden's Banks, or the Section Cloven-footed old serpent the Devil!!!

Even now we have fought the good Fight. We have kept the Faith over these three repudiated Black-Republican Paper Rag-Babies.

1st. The Dead Capital Paper Bonds buried in the promising underground gold mines of Political corruption.

2d. The Living Greenback or only living, circulating and redeeming form and feature of that National debt which they now propose whilst living, kicking and a suckling to bury with its dead pa-rent with the last expiring Granted Honors of War.

3d. The younger twin Brother or Northern Con-federate Gray-back-Paper-rag-Baby which has usurped the rights of its elder Green-back-Brother and is still crying for more golden Syrup Pap, as the Royal Blood-sucking Heir Apparent under the Money power for the Granted Black-Republican Golden Throne if not deposed by the laboring-man's green-back-Baby and overthrown!!!

We have fought the fight and kept the Faith, but we have not finished our course. We expect to meet these St. Bartholomew slayers of the Innocents on the green-back National field of Battle next year, when we will render unto these Money Cæsars the things only that belong to seizers, and unto Rag-Babies the things that belong to Baby-rags, and to the Money power the Honor of nursing its three repudiated Rag-babies!!! Labor through the generalship of the great Stately Democratic Party made a most glorious fight in this hottest Stately contested election ever known in one strong double decade Black Republican State, arrayed against the Money power of the United States, with some bully-hooking and golden-calf-bellowing foreign representatives of the Money power from Europe, with the Laboring Democracy in the Buckeye Heart of the Nation fighting for Equalizing rich financial Blood Circulation, giving National Life and Equal protec-

tion to all against the well-trained and well-paid Marshaled hosts of the Sectional Black-Republican Army, acting in unison with the decapitated, gold gambling, hard Democratic Bullion-headed Tariff, Capital and Official Yankee Hooking Head of the Nation, under the General Granted Money power of the three Rings; of the first Class Ring of Tariff Protection in New England; of the second Class Ring of Tweedle-dee and Tweed-le-dum Capital Protection in New York; and the third Class Ring within a Ring, Wheel within a Wheel, and Band within a Band, of Political Thieves, of licensed Incorporated Defalcators and Granted Official government Robbers in the New District of Columbia under the Granted Corrupt Shepherds Care of the Black-Sheep-pasture of the United States, plundered by government protected Wolves dressed in Sovereign Sporting and sup-porting black-Sheep's Clothing; yet, in spite of the World, the Flesh and the Devil arrayed under the General Granted reigning Trinity of the War, Money and Official Power, we came near coming off victorious in a tar, pitched and turpentine fire-drawn-battle, drawn to the Stately Pennsylvania battle-ground this year to be drawn therefrom to the National Centennial United States Granted general battle-ground on which is to be decided next year this last great American Conflict between Capital and Labor. When that event comes, as come it must, May God protect the right, Shield us from the wrongs and tunelessly incline all our Hearts to accept our former State of Peace, Union and prosperity henceforth and forevermore. "*Selah!*" Hence we have a *tough* Black-Republican Crow to pick with our wise or otherwise hard-Bullion-headed Democratic brethren of the East who, in co-operation with all Sectional Opposition to the great National Democratic party, want to Monopolize all the Capital, Protection and Official Fatlings of this former land of the Free, home of the brave, but now Superior freedom of our former Afri can-us Slave!!!

Gold and Silver we have none, then why talk as though Gold and Silver is demanded as the only food, drink and Clothing of the laboring Man? Yet I will venture to say that these most tasty, Sharp-Scented Demi-Republicans can not tell by the taste whether their Beef-Stake has been purchased with a Silver-dime or ten-cent fractional currency. When was ever the laboring Man presented with Gold as a legal tender or Silver change over the limited Amount of *Tough* or *tender* five Dollars Gold Specie, as a

currency is out of the question only as a basis for its paper representative or substitute which the government is just as much bound to furnish a sufficient supply to meet the demands of trade and labor as the Father is to furnish food and clothing for his family. Then the main Financial question is, which form of Paper Currency will we have, the Green-back based on Gold and Silver as a general representative of the laboring Man's Currency, the National Bank-gray-back Currency or the rich Man's current representative under a special protective Money power Monopoly? or a fast and loose abuse and Intemperate use of both as now in a perpetual war of Capital over Labor? or shall we have offered upon the cross of these two the saving compromise of a new Currency???

As I must have my Trinity in all things, I have three ways of settling this Financial System; but I have no room in this work for but a few hints thrown in promiscuously! When we have chosen the quality, with but little regard for system and unavoidingly too much repetition, the next question is, have we a sufficient quantity of Currency to meet the demands of trade, labor and internal commerce? Is not our green-back and gray-back blanket too Short to cover the Horse, or have we enough currency to cover this National Expansive Territory nearly as vast in extent as the whole of Europe? Let one test question settle this matter! Supposing that we were compelled to pay all of our Municipal, Statelike and National taxes on one and the same day, when it is found that we were Short of means to meet that necessary end in the trifling sum of \$100,000,000, would this signify a Sufficiency or Superabundance of currency to meet the wants of trade, pay taxes and keep the Ship of State Moving over the troubled waters of the unbounded Ocean of Political Corruption?? If we have a Surplus of Money even now it is like the bonds-dead Capital locked up in the fast and loose, open and shut Bank, under a panic Lock and key, and will not come only at the rich man's call who alone under a call loan can raise it from the dead into spasmodic life! Then what we want with a better Financial System is also an equalizing demand and Supply distributive System or regulator of the National Financial department of government! The question is not so much whether we shall have specie payments as in the manner and matter of forcing specie payment, not by promoting, but by destroying the interests of the people and by over-reaching for

hard money through financial contraction and thereby producing hard times, National Bankruptcy and Industrial Ruin! Finance is not so much the living issue as the Republican policy of Partial Legislation, taxation and protection, which practically makes the few rich men richer and the many poor men poorer—one living test example should settle this matter! Before the war we had no very rich men, few very poor men and no idle men begging for employment or Bread! Then Sectionalism has cut out the equalizing, laboring Happy Heart of this Nation, and has established on the Spoiling war ruins two Antagonistic classes; the Aristocracy and Democracy, the rich and the poor, the Bond and the free Masterly Bond-holder!!!

What we want and can have only under a Democratic Administration is, equal Legislation, taxation and Protection for all men, all parties and all Sections of this true Democratic leavened bread-raising great Do-Main, which will bring the greatest amount of National Peace, Union and Prosperity this world has ever known!!!

THE
DOMESTIC, CHURCHLY
AND
STATELY SCIENCE
OF
NATIONAL POLITICAL SELF-GOVERNMENT
FOUNDED ON
INDIVIDUAL, POLITICAL
AND
RELIGIOUS LIBERTY.

By D. L. STINCHFIELD,
NEW RICHMOND, OHIO.
1875.
